## N. Y. Strikers Will Vote On Wagner Offer

### Subway Operations Near Normal, Mayor Seeking Settlement

NEW YORK (AP)—The city's subways stepped up operations to 80 per cent of normal during the morning rush hour today as the strike by motormen and other transit employees entered its second week.

The Transit Authority reported acceleration of service on all divisions.

The authority shifted motormen among the divisions to improve service on the lines serving Brooklyn and Queens, which have been most affected since the strike began.

The striking motormen prepared to take formal action on Mayor Robert F. Wagner's back-to-work proposal.

At a rally, the motormen cheered sharp criticisms of Wagner's proposal made Saturday night.

The mayor told the strikers on television that the city will not let itself be "blackmailed" into acceptance of their demand for separate bargaining representation.

Louis Waldman, attorney for the striking Motormen's Benevolent Assn., told the rally that, without clarification of the mayor's proposal, the men would be buying "a cat in a bag."

In his "peace proposal," Wagner said that if the strikers return to work the TA will join in an application to get four MBA leaders out of jail. The officials were jailed last week for violation of a no-strike injunction.

Wagner said he had agreed to set up a fund to take care of inequities for certain subway employees and named former Federal Judge Simon H. Rifkind to act as an impartial referee in considering cases against individual strikers.

The mayor promised there would be no "summary dismissals" of strikers.

After his television speech, Wagner told reporters that the strikers have a reasonable time in which to return to work. This he defined as "a day or two" and added: "No one wants to deprive anyone of his job."

**Hair Root Check Shows Radiation Person Received**

WASHINGTON (AP)—The Public Health Service said today a new hair-root examination technique can be used to determine how much radiation a person may have received.

The service said the discovery "is believed to be of particular value in instances of accidental exposure."

It said an investigation at the National Cancer Institute has shown that radiation produces certain hair-root changes which can be detected under a microscope.

**War Hero Faces Trial In Murder**

CLEARWATER, Fla. (INS)—A 44-year-old French war hero, charged with the love-triangle slaying of a retired U. S. general and his wife in their swank Florida home last Spring, goes on trial for murder today.

Maurice M. Chavigny, who has fought in four wars, and holds 17 French and United Nations decorations, is accused of killing Brig. Gen. Wilbur R. McReynolds and his attractive wife, Faye.

## 'Atlas' Test Firing Seen At Canaveral

### Mightiest Missile

CAPE CANAVERAL, Fla. (AP)—A third test firing of America's mightiest missile, the Atlas, appeared near today.

Watchers from beaches four to five miles away from the heavily guarded launching area noted great activity around the Atlas stands, where men worked under floodlights through the night.

Two of the giant missiles were visible in their stands. These may be the ones which were given static tests last week.

In addition to the firing expected today, another Atlas launching is believed likely toward the end of the week.

Two previous test launchings of the Atlas were held last summer and last fall.

In both instances the missile got into the air. Before it could get fully under way, however, it started to wobble and change course and had to be blown apart.

The Atlas is designed to deliver a hydrogen warhead over an arc reaching as high as 600 miles above the earth to a target 5,000 miles or more from its launching point. Its average speed is 10,000 miles an hour.

In a test launching, however, the main purpose is to check the functioning of the various parts. The missile may be pre-set for a lesser altitude and a shorter range for better observation of its flight.

Although construction details are secret, the Atlas is believed to be about 70 feet long and 9½ feet in diameter and to weigh some 100 tons at takeoff.

It consists of three stages and is powered by three rocket engines.

The main Atlas engine is believed to have a thrust of 135,000 pounds and the two booster engines are estimated at 100,000 pounds thrust each. The fuel consists of kerosene mixed with liquid oxygen.

**Elkton Blast Probe Pushed**

ELKTON, Md. (AP)—An intensive investigation was under way here today to determine the cause of a fire which killed four persons, wrecked a building and halted production of solid fuel rocket engines at the Thiokol Chemical Corp. plant last Friday.

H. G. Jones, manager of the plant, estimated damage would total \$350,000 although he said an exact figure would not be known until a complete check is made.

Jones said the fire and low-grade explosion started in a mixing vat but just what caused it is still a mystery.

**Coty Visit Planned**

PARIS (INS)—An informed source said today there is a likelihood President Rene Coty will make a state visit to the United States in 1958.

**Nixon Warns Against Stress On Science Training In U. S.**

NEW YORK (AP)—Vice President Richard M. Nixon has warned against too much emphasis on science training, saying the public school system should develop "the whole man, not merely one phase of the intellect."

Nixon, speaking last night at the 23rd annual Scholarship Dinner of Yeshiva University, said education constituted "our most fundamental challenge" as a result of Soviet scientific advances.

The first requirement, he said, is for better teachers "with the salary, prestige and backing to enable us to attract the best minds to this honored profession."

Saying the basic responsibility for education rests with the American parent, Nixon added: "American education will be no better and no worse than the individual American parents want it to be."

"Whether it takes more classrooms, better teaching salaries, fewer frills, more algebra and less square dancing, this responsibility cannot be passed by the people to Washington."

The major problem of education is "quality, not quantity," Nixon said.

He named three prevalent criticisms of the nation's school system: Too many soft subjects,

teaching geared to the least gifted students, and automatic advancement to keep children from facing the challenge of failure.

Nixon termed the last point "the most fundamental weakness" in our schools.

"In the hard competition of life," he said, "they will have to face failure."

"Since life is this way, then our schools do not realistically prepare students if they ignore these hard realities."

The vice president was awarded an honorary doctor of laws at the \$100-a-plate dinner, attended by some 800 persons.

## Top Marine Sees Minor War Threat

Gen. McCaul First Witness At Senate Missiles Hearing

### BULLETIN

WASHINGTON (AP)—Assistant Secretary Garrison Norton testified today the Navy wanted to conduct the Vanguard earth satellite test in secret but was overruled by Murray Snyder, former assistant White House press secretary.

WASHINGTON (AP)—The acting commandant of the Marine Corps, Lt. Gen. Verne J. McCaul, told Senate investigators today that Soviet advances in weapons and space technology increase the threat of limited war.

Gen. McCaul also cautioned the Senate Preparedness Subcommittee not to forget about improving other weapons and not to think in terms of missiles alone.

McCaul was the first witness as the subcommittee resumed its probe of the missile-satellite programs after a weekend recess.

The chairman, Sen. Lyndon Johnson (D-Tex.), said in an opening statement he had reviewed material gathered by the staff over the weekend and it indicates a need for more hearings.

**Stated Next Month**

Johnson said more testimony will be required from industry groups and that Defense Department testimony must be reviewed. He said he would confer with other committee members in hopes of arranging for a new set of hearings early in January.

"I would like to stress once again," Johnson said, "that the objective of the committee is to find positive steps that will produce the weapons of security faster and more effectively."

Gen. McCaul said it is paradoxical that Sputniks and Soviet weapons progress, far from reducing the probability of limited war threats, actually increases them.

And the Marines, he said, are the principal mobile force kept ready to oppose the type of ambiguous threats to our security which only the Kremlin can so skillfully devise.

McCaul reasoned that the massive power of both the United States and Russia in the field of nuclear weapons tend to prevent the posing of situations which could lead to mutual extinction.

He said this leaves the Kremlin with greater latitude in political and limited military action and thus the role of the Marines has never been more significant than it is today.

**Position Improving**

While the Marines have no need of intercontinental or medium-range missiles, McCaul said the Corps does require missiles with mobility for its landing forces. Its position with respect to these is gradually improving, he reported.

Johnson said in advance of the hearing that the United States should push plans to beat Soviet Russia to the moon.

**Jimenez Gaining In Yes-No Vote**

CARACAS, Venezuela (AP)—President Marcos Perez Jimenez was winning re-election as expected to day officially reported in a yes-or-no plebiscite. He had no opponents.

Election officials reported that of 60,872 ballots counted in Caracas, 21 per cent were "no" votes and 4 per cent were invalid.

The announced count was 45,687 "yes," 12,795 "no" and 2,390 invalid.

## Dutch Leave Indonesia In Ouster Move

JAKARTA, Indonesia (AP)—The departure of Dutch nationals from Indonesia, underway by air for a week, speeds up today with the sailing of the first of three ships from Javanese ports.

The Waterman, a 9,000-ton vessel owned by the Netherlands government, was scheduled to leave Surabaya, East Java, with the first load of Dutch subjects.

Another Dutch liner, the Sibajak, and a British troopship chartered by the Dutch, the Captain Cook, later will depart from Jakarta and Semarang. The three ships will take an undisclosed number of passengers to Singapore, Amsterdam and Rotterdam.

(In Singapore, the Dutch consulate said the Captain Cook would pick up about 800 Dutchmen.)

Many Dutch still were uncertain about their status in the island republic which their government ruled until nine years ago.

In ordering the Dutch out, the Indonesian government specified that it especially wanted technicians and other vitally needed workers to remain.

But the portion of the 45,000 Dutch nationals who want to leave Indonesia seems to be growing rapidly. The Dutch diplomatic mission says many requests for visas are being received from technicians and workers.

The British Overseas Airways Corp. and Garuda, the Indonesian airline, look out about 360 Dutch nationals during the past week.

**Firemen Nabbed In Parkersburg Larceny Scandal**

PARKERSBURG, W. Va. (AP)—One-fourth of the personnel of the Parkersburg fire department may be involved in a theft scandal, police say.

Three firemen, working at part-time Christmas jobs, were arrested during the weekend and charged with grand larceny.

Police Chief Bruce E. Parsons said, "There will be more arrests in the next few days, and as many as one-fourth of the 48-man department may be involved."

**Rain General In East Area**

Wet weather and cloudy skies prevailed across broad areas of the nation today, but no severe cold was reported.

Precipitation was widespread in the Western third of the country, from the Rockies to the Pacific Coast. Snow fell in the higher elevations of the Rockies, where temperatures were mostly around freezing.

In other parts of the wet belt, rain was general and temperatures were mostly in the 40s, except in the 50s in the extreme Southern areas. Storm warnings were posted along much of the West Coast and winds up to 60 m.p.h. along the northern shores of California were forecast.

**Boy Seeks Missing Dad For Christmas**

CHICAGO (AP)—A 15-year-old Wisconsin boy has appealed to the Chicago Tribune for help in finding his father and bringing home to his family for Christmas.

The boy, Alfred Kusmierz, of Eagle Lake Manor, Kansasville, who said he has a sister 10, a brother 8, asked to have the letter printed "to see if our daddy would read it and come home for Christmas." The boy said his father—actually his stepfather William Kusmierz Jr.—left home last Aug. 3.

"If he only knew how much we all need him," the boy wrote, "I think that he would come home."

## Warmup Due On Weekend

BALTIMORE (AP)—Five-day forecast: Considerable cloudiness tonight, partly cloudy and cooler Tuesday, warmer Wednesday and Thursday, cooler Friday but warmer on Saturday. Rain on Wednesday and rain again on Saturday. Temperatures will average some 4 to 7 degrees above normal. Rainfall will total one-half to three-fourths of an inch.

**Britain Seen Using Power From H-Bomb**

LONDON (AP)—Two newspapers claimed today that British scientists have secretly achieved fantastic temperatures, indicating they soon can harness the hydrogen bomb to produce electric power.

The Daily Express said the scientists believe they succeeded in raising gaseous deuterium, a variant form of hydrogen, to 60 million degrees centigrade or 108 million degrees Fahrenheit.

The News Chronicle reported that a temperature of at least 3 million degrees centigrade, or 5 million degrees Fahrenheit, had been achieved.

A temperature of about 150 million degrees centigrade is needed to keep the hydrogen fusion reaction going under its own power. This is 10 times the estimated temperature at the center of the sun. In the hydrogen bomb it is achieved by using an atom bomb as the trigger.

**British Cadets Given Demotions After Raid**

LONDON (INS)—Seven senior cadets at Sandhurst, Britain's West Point, have been demoted for extracurricular activity. The cadets invaded a girls' finishing school near Windsor early Thursday morning and tossed smoke bombs and firecrackers among the sleeping students.

**Armour Income Takes Big Drop**

NEW YORK (AP)—Armour & Co. today reported net income of \$3,100,000, equal to 66 cents a share, for the year ended Nov. 2 compared with \$13,966,613, equal to \$2.96 a share, in the previous fiscal year.

W. W. Prince, president, said the sharp drop in earnings reflected "the inability to establish profitable price relationships between livestock and wholesale meat prices during the upward price movement which started in the last half of 1956 and continued throughout this past year."

**Missing Plane Sought**

SAN FRANCISCO (INS)—Air Force planes began a search today for a missing twin-engine chartered plane which left Reno for San Francisco yesterday and presumably crashed. Seven persons were aboard.

## Cites West As Stronger Than Foes

Eisenhower Urges Heroic Effort To Meet Red Menace

By JOHN M. HIGHTOWER

PARIS (AP)—In a bid to reassert strong American leadership, President Eisenhower told the Atlantic Alliance today mightily new forces are beginning to "cast a pall" over our world.

He called for heroic efforts to match Russia's space-age military challenge "while the margin of power is still ours."

Eisenhower coupled his grim but apparently confident demand for action with a declaration that the United States and its allies stand ready to join Russia in an effort to bring the forces threatening the world "under rational control." But until that can be done, the Allies must employ their strength "to sustain peace and freedom."

**Foe 'Not Irresistible'**

"The forces arrayed against us are formidable but not irresistible," Eisenhower declared to the first heads-of-government session to be held by the eight-year-old North Atlantic Treaty Organization.

For the public opening session of the conference of 15 member nations, Eisenhower and the other government chiefs sat at a circular table in the conference room at the Palais de Chaillot, NATO headquarters in Paris. The table was covered with blue felt.

Prime Minister Harold Macmillan of Britain was placed to the President's right and Secretary General Paul-Henri Spaak to his left.

The President, who had a slight stroke only three weeks ago, was easily the dominant figure at the table. His task was to re-establish American leadership after Russia's Sputnik and missile triumphs, to win the European allies to a new defense strategy based on nuclear missiles and to revitalize the unity of NATO.

In advance of the opening speech, he already had met privately with Macmillan and French Premier Felix Gaillard.

Eisenhower addressed his remarks to the council but they were directed toward a worldwide audience, including Russia. He said at one point the free world is willing to join Russia in bringing the new weapons of mass destruction under control.

**Give Up 'False Thoughts'**

But to the United States and its allies he declared "false" thoughts of which we have all been more or less guilty "must be abandoned. Among these he included the belief that freedom was inherently more productive than communism and the assumption that "the triumph of freedom over despotism is inevitable."

"We are in a fast-running current of the great stream of history," the President said.

"Heroic efforts will long be needed to steer the world toward true peace."

"This is a high endeavor. But it is one which the free nations of the world can accomplish."

Leaders of the NATO nations listened intently as the President spoke in a loud, emphatic voice. The room was packed with diplomats and correspondents.

The President spoke sitting down. He made only a few insignificant departures from his prepared text. He prefaced his speech with brief extemporaneous remarks thanking Gaillard and Luxembourg Prime Minister Joseph Bech, the chairman of the NATO council meeting, for their opening greetings and added, "In particular, I appreciate your good wishes about my health."

**Luminous Hands Used In Sermon For Deaf Throng**

NEWARK, N. J. (AP)—The luminous hands of a pastor enabled more than 100 persons to "hear" as well as see the story of Moses last night.

The Rev. C. Roland Gerhold accompanied members of his congregation, St. Matthew's Lutheran Church for the Deaf, to a showing of "The Ten Commandments" and relayed the film's speaking parts by means of sign language.

Wearing luminous paint on his face, hands and arms, the 33-year-old pastor translated the film's message from a dais to the side of the Adams Theater here. An ultraviolet light trained on his hands illuminated the special paint without disturbing the rest of the audience.

## Ex-Notre Dame Head Deplores Lack Of Leaders

WASHINGTON (U)—The former president of the University of Notre Dame says Roman Catholic homes and schools in this country have not done enough to stimulate intellectual leadership.

The Rev. John J. Cavanaugh, asked at a Catholic breakfast meeting yesterday: "Where are the Catholic Salks, Oppenheims, Einsteins? Why are we not more prominent in television, in the publishing of influential newspapers, in the fields of the motion picture, in painting, in sculpture, music, architecture?"

Father Cavanaugh, who headed Notre Dame from 1946 to 1952 and is now director of the Notre Dame Foundation, said an intellectual revolution is now under way in Catholic colleges and universities aimed at producing more outstanding leaders.

## Kennan Cites War Menace

LONDON (U)—George F. Kennan, earned last night that a "one-sided concentration of effort" on NATO and failure to consider Soviet offers to negotiate might increase the danger of a major war.

The former State Department policy planner told a radio audience that the West should not look to NATO "to provide the basic strength on which the security of the Western world must rest."

Kennan said it would be "idle to suppose that the strengthening of NATO alone would provide the necessary climate and background for negotiations with the Soviet Union."

## Eden Suffers Fever Attack

LOOBE, England (U)—Sir Anthony Eden was reported recovering today from a new attack of fever, but his doctors suggested he move nearer London so they can keep in closer touch with him.

Eden, now 60, suffered several fever attacks last February after he resigned as prime minister because of ill health. He had a bile duct operation in Boston in April. Two months ago his doctors told him he was not fully recovered from the liver ailment and needed more rest.

Eden and his wife moved 12 days ago into a rented 30-room mansion here in southwest England, 200 miles from London.

## Disaster Crews Find 952 Bodies After Iran Quake

TEHRAN, Iran (U)—The government announced today that disaster workers have found 952 bodies in the wreckage left by earthquakes which rocked west Iran.

As the rubble from Friday's quake in the Kermanshah area was still being searched for victims, a new quake rocked at least 17 villages yesterday in the same region. The number of lives taken by the two quakes was unknown.

A government announcement after the first quake placed the number of dead at 1,287, but Gov. Esmat Montaz of Kermanshah said that number seemed too high.

About 100 villages were damaged Friday. Thousands of persons were left without shelter in the cold and snow of the west Iranian mountains.

## Announce New Way to Drain Sinus Cavities Without Discomfort

New tablet invention for sinus sufferers acts both to drain clogged sinus cavities and relieve distressing head pains

New York, N. Y. (Special) Announcement has been made of a new tablet invention which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure, stuffy nose, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it shrinks the swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion.

This shrinking substance in this new tablet has been so successful topically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available as drug counters without the need for a prescription under the name, Dristan® Tablets. Dristan Tablets cost only 98¢ for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities, relieve the pain and distress, and your full purchase price will be refunded.

## President To Get 40-Pound Turkey

WASHINGTON (AP)—A 40-pound St. Marys County turkey will be delivered to the White House tomorrow for the Christmas dinner of President and Mrs. Eisenhower. The turkey is a gift of the St. Marys County Development Committee. It will be accompanied by a batch of selected oysters from the Southern Maryland county. Christmas greetings written by county schoolchildren also will be delivered to the White House.

More than 100 chemicals are produced in Michigan.

## Friendship Airport's Business Increases

BALTIMORE (AP)—Both passenger traffic and overall airline operations increased at Friendship International Airport during November.

The City Department of Aviation announced that passenger traffic was seven per cent above the figure for November, 1956. The department said 32,342 passengers used the terminal this November compared to 30,223 in the same month last year.

Total airline operations were 14,803 last month and the November total for 1956 was 13,941. Both air express shipments and air freight declined in a comparison of the two months the department said.

Last month, air express amounted to 204,711 pounds while the previous November total was 259,086. The freight total was 581,171 pounds this November compared to 986,588 last November.

## Research Grants Given Colleges

WASHINGTON (AP)—The National Science Foundation today announced grants totaling \$124,500 for science research at a number of Pennsylvania colleges and universities.

The Pennsylvania awards were part of 316 grants totaling \$5,488,585 throughout the nation awarded up to September 30, the first quarter of the 1958 fiscal year. Since the beginning of the program in 1951, 4,179 awards have been made totaling almost 66 million dollars.

## Four Killed In Accidents On Weekend

State Highway Toll Hits 525 For Year; Both Drivers Held

By The Associated Press  
Highway accidents during the weekend took the lives of four persons in Maryland, raising the State highway death toll to 525 for the year.

Charles McWhorten, 42, of Glen Burnie, died early today of injuries received when his car overturned on U.S. 301 in Anne Arundel County last night.

Two of the other deaths occurred yesterday. Both drivers were charged with automobile manslaughter following an accident last night that took the life of Nelson Morris, 26, of Baltimore.

Passenger in Car

Morris was a passenger in a car that collided with a tractor-trailer truck in downtown Baltimore. Besides manslaughter, police charged the driver of the car, Roger U. Green, of Baltimore, with reckless driving, going the wrong way in a one-way street and failing to change the address on his registration and license cards.

The truck driver charged with manslaughter was O. W. McKibben, 35, of Easton.

Thrown From Auto

Mrs. Henrietta G. Clark, 37, of Norristown, Harford County, was killed yesterday when she was thrown from and then crushed by her car on Duncan Road near her home. Police said Mrs. Clark apparently lost control of the car on a steep grade.

James J. Myers, 20, of Hagerstown, was killed Saturday night when a car he was riding in collided with a parked car in Hagerstown.

Residual Matter

Bauxite, the aluminum ore, is said to be the residual matter left behind after centuries of weathering of aluminum bearing rock, and contains large quantities of aluminum oxide.

## Autopsy Set In Drowning Of Socialite

BALTIMORE (AP)—An autopsy was expected today in the death of Mrs. Howard M. Busick, whose body was found floating in a stream in North Baltimore.

The 46-year-old socialite was the wife of the vice president of the Lord Baltimore Hotel.

Police recovered her body from Jones Falls yesterday after two children walking across a bridge spanning the stream found a purse and woman's shoe and took them to police. She was dead on arrival at Union Memorial Hospital despite attempts at artificial respiration.

Mrs. Busick, the former Beverly Reynolds, was the daughter of a former managing editor of the Baltimore Sun, Stanley M. Reynolds.

Busick said his wife had been under the care of a physician for the past five years.

## Ali Ghan Temple Plans Yule Party

The annual Christmas party of Ali Ghan Temple, A.A.O.N.M.S., will be held Friday at Ali Ghan Shrine Country Club.

Santa Claus will be present to distribute gifts, and dancing will follow.

The party will be preceded by the regular December meeting which will open at 8 p. m., according to Harry M. Hartman, potentate.

The annual New Year's Eve party will be held December 31, beginning at 10 p. m. at Ali Ghan Shrine Country Club.

Wally Ginger and his band will furnish music for dancing. Reservations will be limited to 150 couples.

In eight of the 12 presidential elections between 1900 and 1944, a Roosevelt was running, either for president or vice president.

## Police Changes Seen

BALTIMORE (AP)—Police Commissioner James M. Hepbron has made some top-level personnel changes, effective Thursday, as a final note to the investigation of his department.

Hepbron said Inspector Oscar L. Lusby would become chief inspector, top career job in the 2,200-man department, and Capt. Julian J. Forrest would become inspector.

The grand jury investigation resulted in indictment of an inspector and a captain of the Rackets Division on charges of malfeasance in office and maintaining a disorderly house.

## An Open Letter to THE CONSIDERATE WIFE

Every year you come face-to-face with the problem of what to give your husband for Christmas.

Well, this year you can be the most popular wife in the neighborhood if you present your hard-working, and deserving husband with an O.P.O. SUIT OR SPORT COAT FOR CHRISTMAS.

Too expensive? Not when you buy at O.P.O. and get our famous factory-to-you prices. Imagine—for as little as \$1.95 you can surprise him with a beautiful, impeccably tailored 100% ALL WOOL SUIT that he'll wear with pride for this Christmas and many more to come.

What about his fit? To really keep it a surprise, bring one of your husband's older suits or sport coats down to O.P.O. We'll give you an identical size on the spot. Then, after Christmas, your husband is invited to bring in his new suit or sport coat and O.P.O. will gladly make any alterations, or even exchange it—at no extra charge!

And if this is too difficult, an O.P.O. GIFT CERTIFICATE is just as good.

P.S. Why wait till Christmas?

COME INTO YOUR NEAREST O.P.O. STORE AT 29 BALTIMORE STREET, CUMBERLAND. O.P.O. IS OPEN TILL 9 P.M. EVERY NIGHT UNTIL CHRISTMAS.

**OUR COUNTRY**  
The union of hearts, the union of hands and the flag of our Union forever.—Morris.

**The Search Light**

PRESIDENT Eisenhower's most vigorous critics among the nation's politicians dwell often on what they regard as his grave inexperience in government and politics. They like to think of him as the "old soldier" who somehow was persuaded against his will to run for high office, when he might better have rested on his remarkable military laurels and welcomed the secure niche in history they gave him. They suggest that it was a mistake for people to allow themselves to be captivated by a military hero and thus to vote him into the presidency twice by overwhelming margins.

UNDOUBTEDLY Mr. Eisenhower came to the White House green in the ways of politics. And very likely some of those who helped to put him there were swayed largely by hero worship. Yet there is a curious irony in this line of criticism. For the opposite face of President Eisenhower's tremendous popularity has been the unpopularity of standard-type politicians.

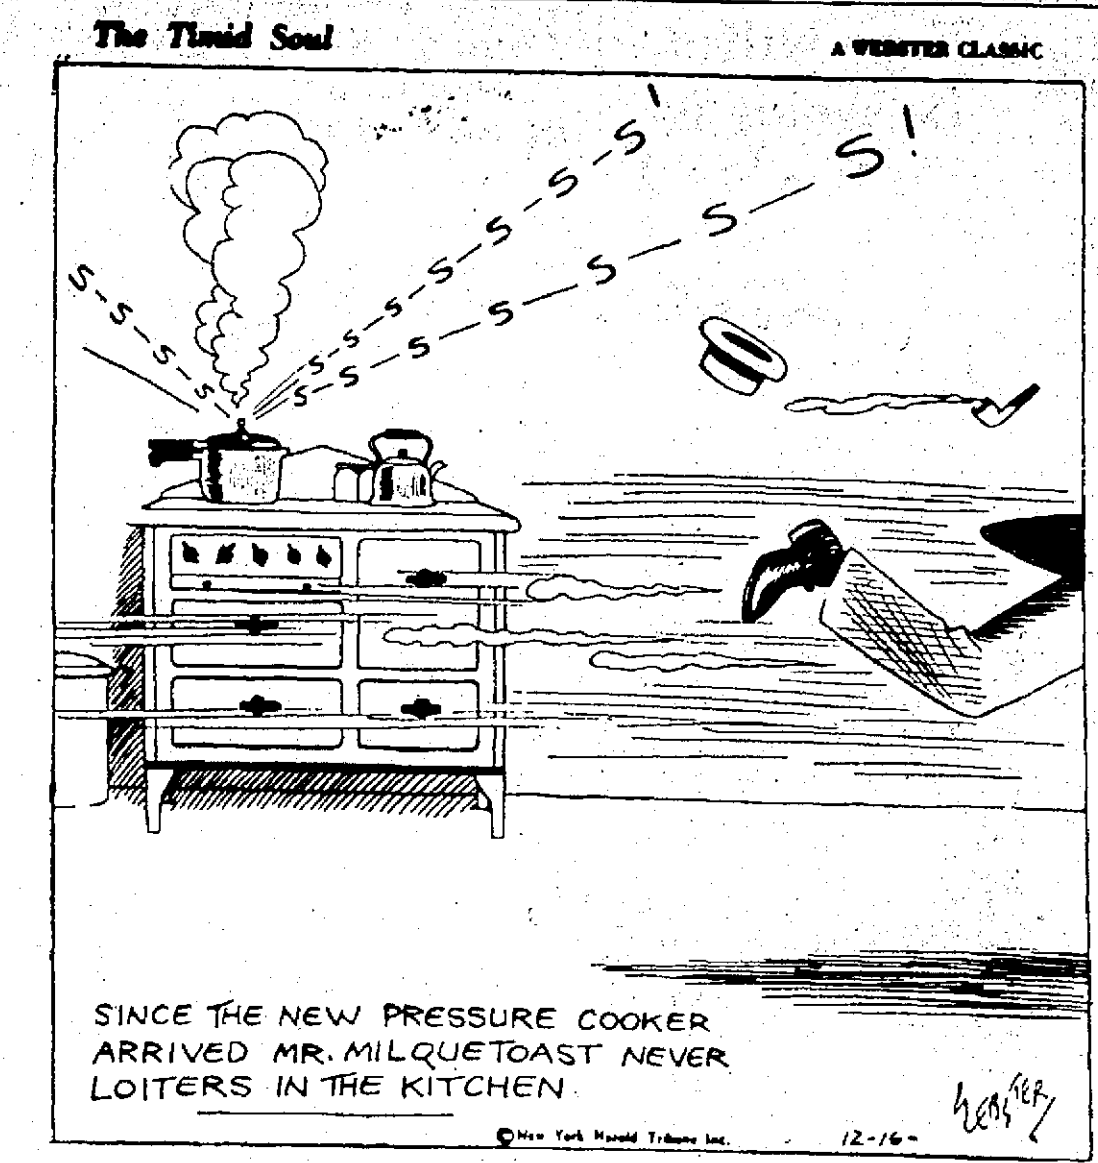

POSSIBLY, instead of complaining at the fact that more than 30 million voters swarmed to Mr. Eisenhower's banner, some of these politicians should turn their searching glances back upon themselves. The testimony of opinion samplers before his two elections indicated not simply hero worship but great trust—offset by deep mistrust and weariness with respect to politicians in the usual mold. If politicians don't want to see popular generals elected to high office, then they ought to arrange to earn higher popularity ratings themselves.

**Strong-Arm Tactics**

HAVING FAILED to win satisfaction in the United Nations for their demands upon Dutch-held West New Guinea, the Indonesians now have turned to strong-arm tactics. The expulsion of 50,000 Dutch nationals and the closing of all Dutch consulates in Indonesia may be followed by the expropriation of 1.3 billion dollars in Dutch economic holdings in the island nation. These holdings, of course, mean a great deal to the shriveled Dutch empire. Indonesian leaders obviously think the economic pressure may work where appeals to the U. N. have not. Undoubtedly it would be quite a luxury for the Dutch to adhere to principle in this matter. But it ought to be noted that principle is on their side. On the Indonesian side there is neither law nor justice nor morality. There is only emotion. Aside from a rough geographic proximity, no real link exists between West New Guinea (East New Guinea in Australian) and the Indonesian island chain. The overwhelming bulk of West New Guinea's population of some 775,000 consists of native Papuans, a Negroid island group. Indonesians are Mongoloids with no racial ties to Papuans at all. Of all the emergent Asiatic peoples who have come to independence since World War II, the Indonesians have done perhaps the poorest job of running their country. They surely are ill qualified to rule a foreign island. If the New Guinea Papuans ever need freedom from Dutch rule, it should be the United Nations, not Indonesians, which takes them under its care.

**End To Confusion**

WE APPROACH the time when Congress will end the confusion over what should be done when a President of the United States is no longer able to perform his duties. The Constitution does not state who shall determine whether the chief executive is incapable of functioning, and it is unclear on some related points. The pressure for clarification is building up. That is good. President Eisenhower himself has urged that action be taken. The administration has proposed a constitutional amendment that would give the cabinet power to determine whether the President is able to discharge the duties of office. Now it is reliably reported that Mr. Eisenhower would not insist on this plan but would approve of any reasonable solution of the problem. There is no getting around the fact that President Eisenhower's illnesses have given this matter a particular sense of urgency.

**Need For Sec. Dulles To Read His Mail**

WASHINGTON—In the youthful idyl in the Southern town which never seemed to get older or any bigger, where so many of us went to college for so many generations, there was a legend about an illiterate postmaster who lived a long time ago. When the townsfolk found no mail, day after day, they were perplexed. Some of the elders called upon the postmaster in a body and found the cause. One cubbyhole was chucked full, with no letters in any others. This was the "M" box, with all mail addressed to Mr. and Mrs. and Master.

AT THE STATE Department, John Foster Dulles has been stuffing the "M" box with letters, unopened for all practical purposes, addressed by a Mr. Bulgannin of Russia. Another letter came just this week, and some folks found out about it, no thanks to Dulles. He considered letters of no consequence, but some folks thought maybe they ought to read them and find out.

In fact, some of them were interesting. Not because of any new ideas, and with a discount for propaganda in which both Russia and the United States indulge, but because the letters, like our own, state some very simple truths. In fact, the old ideas and the simple truths are just as good.

One of these truths has been said often by President Eisenhower as it was again by Bulgannin in his latest in Dulles' "M" box. It is:

"I have no doubt that the American people do not want a

new war any more than the Soviet people do."

BUT WE ARE caught in the gobbledygook of our rulers, which was put very nicely by Lester B. Pearson of Canada when, in accepting the Nobel Peace Prize, he said that Russia and the United States not the people, of course—were becoming as rigid and defensive as the trench warfare of 40 years ago. Pearson then added:

"It is essential that we avoid this kind of dangerous stalemate in international policy today. The main responsibility for this rests with the two great world powers, the United States and the U.S.S.R."

"No progress will be made if one side merely shouts 'coexistence'—a sterile and negative concept—and parleys at the summit, while the other replies 'no appeasement'—no negotiation without proper proof of good faith."

THIS RIGIDITY has been noted to be developing very rapidly of late, obviously induced on our side by a panic resulting from the Russian sputniks. We have been getting away from the United Nations and are depending more and more upon what the former Canadian Secretary of State for External Affairs calls "these coalitions for collective defense" which, he adds, "provoke countercoalitions."

They become what are known in the Navy as "water-tight compartments."

One of these coalitions is nine years old. Just now we are in the process, with President Eisenhower's help, of rebuilding this coalition known as NATO as a bulwark of the free nations in Western Europe. We very much

need it now in our common defense.

BUT IF WE ARE going to stop with its military aims, if we are going to make NATO a vehicle of a constant armaments race with more and more and bigger and bigger missiles pointed directly to Russia at close range from Europe, then we will, as Pearson said, "have now reached the point where two—and only two—great agglomerations of power face each other in fear and hostility, and the world wonders what happens."

NATO also must become an agency for economic aid. It also must become a closer union of the democracies for an attempt to meet political problems instead of a mere bare-bone military operation.

Pearson envisaged a need for us and Russia to sit down for frank, serious and complete exchanges on such problems as the Middle East and Germany—not in any flamboyant, dramatic "summit" session but in long negotiations through diplomatic and political channels.

THIS COULD be a good time for the NATO nations in Western Europe to create what might be called "a more perfect union" as a basis upon which to break the stalemate with Russia.

This will be the more difficult because of the panicky atmosphere in which the NATO conference was called. But there is, therefore, all the more reason for calm and caution.

We've got to open up all the "M" boxes and keep our correspondence up with one another, all over the world, especially John Foster Dulles.

NEW YORK — They are falling down in hysterics at The Lambs these days with the story of the bibulous actor who was asked by the board of governors of the famed theatrical club to stay away until he could control his thirst for liquor. He was gone three days and came back, walking up to the steward and saying with starchy dignity: "I don't drink any more."

Ten minutes later, he was picked at the bar, tossing down one double Scotch after another. The chairman of the board started toward him. The actor drew himself up with Shakespearean formality and intoned:

"Of course, I don't drink any less, either."

INSIDE a few hours, a hard-working lexicographer only 38 years old will come into New York and if the fates are kind, we'll have lunch and he'll tell me privately what new words are going into Webster's New World Dictionary for 1958. He is chief lexicographer for this dictionary and, also, its editor.

In 1954, he saw to it that bagel, Cinerama, deadhead and pizzeria were added to the book. In 1957, he fancied hardtop, deep South, mambo and Longhair.

He operates out of Cleveland, but comes to New York about this time each year to pass on the new words. We have a deal: I don't try to influence him and he doesn't try to foist words, either. His name is David B. Guralnik and he has strong opinions on the eventual value of slang, pronunciation and how to foretell a lasting word.

In a few days, here, I ought to have the new words for you.

ANOTHER visitor to New York has been Paul Baker, director of the Baylor Theatre at Baylor University, in Waco, Texas. Mr. Baker is young, articulate, able and has a sense of humor. This is hard to come by these days among young directors. They tend to look upon life as rigidly cosmic and the theatre as a Cause, with a big, fat "C."

For them, true comedy died with the Greeks 3,000 years ago and not even George S. Kaufman is anything but a loud-mouth.

But Baker has none of this; he

believes in a supple, vivid, working theatre which, probably, is why Baylor has one such, and it is a lodestone drawing. Charlie Laughton, Burgess Meredith and similar talents to its foothills.

Baker says that WQXR, a New York radio station given to more cultural broadcasts than "Life at Hoosatonie Falls or The Barber and Young Widdie Snipp," has thrice played the Baylor Theatre's superb album of a very special "Hamlet" done there.

SITTING in the Liborio the other night, having toasted bananas and saffron rice, the next booth soon was occupied by four women of good style and educated conversation but lacking any seeming identification with the show business.

After ordering, they began talking about women they knew in theatre, TV and movies and soon one mentioned Eva Gabor.

"Oh, that one," sniffed the other three. "Sick of hearing about her!"

"Wait! Wait!" said the mentioner. "Not so fast! It so happens that Eva has something no other woman I know anywhere has: she has Coastal diamonds and seasonal diamonds."

The other three waited a beat, and then said: "All right. Explain."

"NOTHING to explain," she said. "She has safe-deposit boxes here in New York and in Hollywood. Keeps diamonds in both places. If she suddenly flies to California, she doesn't have to worry about lugging jewelry. She can use her West Coast diamonds. Vice versa: she can use her East Coast diamonds here. And I'm not kidding!"

"On the seasonal diamonds, everybody with taste knows you don't wear opulent pieces in summer with simple cotton frocks. So she has winter diamonds for dark, richer gowns and summer diamonds for simple summer frocks. Seasonal diamonds!"

I couldn't finish my dinner. I rushed to a telephone and called Magda Gabor, who always tells the truth. She was out of town. Maybe, it's true.

NEW YORK — Things a columnist might never know if he didn't open his mail:

That if you check up on the average husband who brags he runs things in his house, you'll find the things he runs are the errands and the vacuum cleaner.

That more than half of all the lamb marketed in the United States is eaten in the New York City area.

Families in New Orleans eat five times as much veal as those in Wisconsin. The average Californian consumes 25 pounds more beef a year than the residents of any other state.

That a survey by the Hotel Edison here showed the item most often left behind by guests was a comb.

That a guided missile office in the Pentagon is reported to have had this sign on the door: "Out to launch."

THAT THERE ARE more than 50,000 light bulbs in the United Nations building.

That the childhood ambition of Princess Grace of Monaco was to become an FBI agent.

That a bear cub may weigh less than a pound at birth, but a baby elephant enters this world weighing nearly 200 pounds.

That comic George De Witt gives this description of an annoying salesman: "He's the firm's affront man."

That a week off is usually followed by an off week.

That pink elephants really do exist. In some parts of Africa they give themselves a dust bath with reddish soil and it sticks to their moist hides.

That the average man has 66 pounds of muscle but only 3.3 pounds of brains.

That you can hide the scratches on red-finished mahogany by painting with fresh iodine.

THAT THE FIRST book, printed in French, "A Discourse of Housepandrie," issued in 1567, said "Eggs are good for the sick and for suffering from wantonness hangover and for bridegrooms."

That the expression "to bring home the bacon" stems from an old English custom of awarding a side of bacon each year to the country's happiest wedded couple.

That one of the smallest brains ever recorded belonged to Dante, the Italian poet, and one of the largest was found in an idiot.

That Arthur W. A. Cowan asks: "Remember when it was only Washington's face that was on our money? Now it's Washington's hands as well."

That it was Rudyard Kipling who observed: "The silliest woman can manage a clever man; but it needs a very clever woman to manage a fool!"

**Christmas Gifts Or Bribes?**

WASHINGTON — Word from the corporate heights indicates that big business this season is going easy on Christmas gifts for friends and customers. Suits me fine.

Every year along about now I feel uncomfortable and squirmy when the mighty industries start showering down "with presents for the press, including me. Some of this loot has been selected carefully and so far none of it has been valuable enough to be considered a bribe.

But, gents, I have all the sets of double-sized old-fashioned cocktail glasses I'll ever need. I've also collected from corporations over the years a handsome selection of pickle dishes with forks to match.

From years gone by I've accumulated a drawer full of cigar lighters, with corporate trademarks emblazoned on their sides. I prefer matches.

ESPECIALLY do I trust no multimillion-dollar firm will send me a hamper packed tightly with excelsior, pickled eels in small cans, smoked oysters, cheese soaked in port wine, and herring flavored with caraway seed.

In my cupboard from 15 years ago remain cans of truffled liver paste and spiced sausages. I also have an elderly can of French-fried grasshoppers, but that didn't arrive at Christmas.

One of the firms listed on the New York Stock Exchange has sent me on two succeeding Christmases a chopping block and a combined meat cleaver and bottle opener. Another has presented me with a hand-carved shoehorn two feet long. The previous year it gave me a teak elephant six inches high.

FOR A DOZEN years now an airline has given me a jingle bell, carrying its trademark, to put on the top of my Christmas tree. I've lost count of the date books I own, with my name and that of the corporate donor engraved in gold on the front cover.

Every year I receive a couple of dozen calendars with pictures for every month. A shipping company sent me a profusely illustrated book showing the flowers that grow in its territory.

ALL THIS I mention to indicate that the corporations haven't been trying to buy my favorable attention. At least I don't

**Washington Scene**

WASHINGTON — I was floundering about in the swimming pool of the Caribe Hilton in Puerto Rico, and a handful of hours later I was floundering about in the office of Secretary of Agriculture Ezra Taft Benson. It wasn't as radical a change as you might imagine. Ez does not have the same allure as the tropics, but he has an odd fascination all his own.

The oddest right now is that he is seeking to reverse our American folk music. He wants us to "change our tune from 'How you gonna keep 'em down on the farm?' to 'How you gonna get 'em off 'n the farm?'"

The Secretary of Agriculture wants fewer farmers in agriculture. I hope this is not contagious. Suppose the Secretary of Labor urged workers to quit laboring, and the Secretary of Commerce exhorted businessmen to shun commerce?

The "farmers' friend" let it be known that he was going to try to take whole farms out of production and move farmers into the city.

THE SAME THING had been proposed the day before by the committee for economic development, but that is an organization of businessmen. The revelation that the Secretary of Agriculture was for it too came as a shock. It would have been a blue day indeed had not President Eisenhower come back to the city. But like a return counteracted all our troubles, because, to paraphrase Vice President Nixon mixaphorically, it was nice to have the caged lion back in the saddle.

The Secretary of Agriculture agreed with the businessmen that there are too many people down on the farm. He said he is going to get some of them to leave farming for jobs in industry, or, to put it more obliquely, he wants them to forsake the plant for the plant.

This is a wholly new philosophy. I was brought up in the unswerving conviction that everything short of leg irons and chains should be used to keep the boys down on the farm. Not in my most impossible nightmares did I envisage a contrary philosophy that would transmogrify our folk music from "O How I Wish Again, I Was In Michigan, Down On The Farm" to "Take Me Back, To My Little Grass Shack in Pittsburgh."

I was reared on such haunting country songs as "I want to hide away, on a little farm in Iowa." I do not think I could readjust to the Secretary of Agriculture being in unthinkable cahoots with the Committee for Economic Development to make us change the words to "And then the rooster, the one that use ter, will wake me up in Scranton."

ETB and the CED just musn't make this unconstitutional assault upon my nostalgia. I spent nearly 40 years on the farm, until I was nearly 40, playing "The farmer's in the dell." Do you think I want that changed to "The farmer's in Delco?"

YEARS AGO we used to lift our voices in childish treble, singing hideously, "The memory haunts you, Rebecca wants you, so hurry back to Sunnybrook Farm." I refuse to picture Rebecca beckoning me to the glass and bottling worms.

Also, has it ever occurred to ETB and the CED that some farmers might not care to trade the soft, yielding barnyard for the hard pavements? The farm has many advantages over the city. It is more convenient to the supermarket, the drive-in, and the shady roadhouse.

Moreover, if the tillers start leaving the land, can EZ and the economic developers stop them — and reverse the process — should the need arise?

Old MacDonald might not want to go back to his farm, with a cluck-cluck here, after he's made a buck-buck here and there.

## Oath Given Dog Wardens

Merwin R. Hast and Burza A. Hanlin, the new dog wardens, were sworn into office Friday by Joseph E. Boden, clerk of Circuit Court.

Hast and the Allegany County Board of Commissioners have entered into a lease for a dog pound on Hast's property at Union Grove.

The commissioners also heard a progress report from Francis G. Wilkinson, an estimator for the George Construction Company, concerning plans and specifications for a new animal slaughtering building at Sylvan Retreat. He now believes such a structure can be built for about \$12,000.

Fire Chief Virgil A. Parker recently condemned the old slaughter building at Sylvan Retreat and the George Construction Company was authorized to prepare plans for the replacement.

Commissioner C. N. Wilkinson (not related to the estimator) questioned the need for the new building. He expressed doubts that it would be used enough to justify the expenditure.

Francis Wilkinson explained that he has been able to cut down on the cost of the building by getting a less expensive scalding vat.

## Missed Patent

Elisha Gray invented the telegraph. He also is remembered because he just missed getting a patent on the telephone by filing in the Patent Office a few hours too late.

HE PANICKED 'EM—Koa, a one-ton baby elephant, sneaks a drink backstage yesterday shortly before his unscheduled fall off a stage caused momentary panic of 800 parents and children at a Cincinnati Christmas party. He

was climbing atop a ball when it skidded unexpectedly. Alarmed, he backed away and went off the stage. His trainer, who had been putting him through tricks, quickly got the animal under control and no one was hurt.

## Virginia Road Deaths Rising

By The Associated Press  
Virginia's 1957 highway death count jumped to 854 Sunday with the report of two more fatalities. The toll was 24 ahead of the entire 1956 count.

John C. Bare, 20, Rockbridge County, was killed early Sunday when the car in which he was a passenger crashed on U. S. 11, nine miles south of Greenville in Augusta County.

Lewis E. Marbl, 49, of Alexandria, was killed when the car he was driving was in head-on collision with another vehicle late Saturday on U. S. 1, three miles south of Alexandria.

## Public School Cafeterias To Serve Turkey Dinners

Allegany County public school children will feast on approximately 8,000 pounds of turkey at the annual Christmas dinner to be served by cafeterias Wednesday or Thursday.

Mrs. Gladys M. Eaton, supervisor of cafeterias, said the suggested menu consists of fruit or tomato juice, roast turkey and dressing, whipped potatoes with gravy, fresh vegetable, fruit or molder salad, cranberry sauce, roll and butter, cookie and milk. At Thanksgiving time, 13,418

children, or 2.6 per cent more than the 13,073 last year, at the turkey dinner provided by cafeterias of county schools. About 600 adults were served each year, Mrs. Eaton said.

Inexpensive Christmas decorations for home and school were demonstrated by Mrs. Edith Lechlitter, manager of the Mt. Royal School cafeteria, at the

recent meeting of the Allegany County School Food Service Association at Penn Avenue School. Instead of exchanging single gifts, the cafeteria workers at the meeting and Mrs. Nellie Wills served as program chairmen. Soudra Rucker, a Flint-Charities for inclusion in Christ-stone School student, sang and mas baskets for the needy.

## Leap Years

Leap years were added to the calendar to make the calendar year nearly the same as the solar year, which is the length of time required for the earth to completely circle the sun.

## Dental Unit Plans Ladies Night Event

The Allegany-Garrett Dental Society will hold a Ladies Night dinner tomorrow at 6:30 p. m. in the Cumberland Country Club. Plans for the entertainment which will follow the dinner are in charge of Dr. Albert C. Cook and Dr. J. Russell Cook.

# The threat that's greater than Sputnik

Sputnik has made America take a new look at itself.

We have rightly decided that we will stand second to no nation in defense, with the most modern weapons science can provide. To reach this goal, our nation may well have to pour extra billions of dollars into defense.

We must achieve this defense strength without going into another inflationary spiral, or we could easily lose the freedom which comes from strength—economic as well as military.

No satellite launching by other powers could possibly be as great a "cold war" victory as run-away inflation in the United States.

While prices, along with business generally, appear to be leveling off at the moment, any hope that we have turned the corner on inflation is premature.

Powerful inflationary forces are still with us, and the need for new defense spending adds to them.

We can check inflation and keep our economy strong—if we all work together as aroused citizens. There's a job for each and every one of us to do. For example—

Each of us should encourage those who represent us in government to make every effort to balance new expenditures for defense with less spending in other areas.

Employers and employees together need to realize that our economy cannot afford wage and price increases unless they are based on greater values for the customer or greater productivity of the worker. All of us need to produce more in order to earn more. For we all have a stake in a sound economy in support of our defense effort.

The American people have responded to many challenges in the course of our nation's history. And, with a full knowledge of the facts, they will rise to this challenge, too—by building a strong defense and, at the same time, keeping our economy strong.

# Ustinov Great In 'Omnibus' Show

By JACK O'BRIAN  
NEW YORK (INS) — Peter Ustinov yesterday gave TV one of the amazingly masterful performances of all its history.

The 36-year-old British actor, playwright, "Omnibus" playing the gentleman of the title in "The Life of Samuel Johnson," presented what must be called a really protean performance, rich in its depth and touching in its

definit explanation of the tragedy utilized Johnson's best lines of comment and wit as set down by Boswell, and the 90-minute result was worth all the care which plainly went into this item of the Sunday afternoon double-domie schedule.

Ustinov capitalized on an actor's rare opportunity to pour not only talent and experience into his role of the old and ugly, deformed, deafened, nearly blind and constantly ailing giant of 18th century English letters, then produced that wonderful extra dimension which lifted a good, mealy role into the ranks of memorable performances in any medium.

Ustinov's triumph was so complete that the very good role of James Boswell while acted in enormous detail by Kenneth Haigh, another young British actor suffered somewhat next to the considerable shade cast by the big, gaudy, theatrical wallop of Ustinov's fascinating giant of deformity.

Haigh nevertheless never was pushed out of his fine professional reading of the part, for Ustinov's measure of his own role was not an antique stock-company-style blubbery old genius, but a part constructed from the finest literary ingredients, then prepared anew with great introspective pains by the intelligence of a splendidly gifted young giant of the theatre.

Since the Constitution was drafted, at least 20,000 amendments have been proposed, but only 22 have been adopted.

# "Seven Lively Arts" Will Get Ax

By CHARLES MERCER  
NEW YORK (INS) — Now the word is out that "The Seven Lively Arts" is dying and will be officially interred by CBS-TV in February.

It's a topic of some discussion among television programmers — busy gentlemen who are forever officiating at funerals, dabbling in mid-wifery, feeding the young, fanning the old. One sentiment expressed about the commercially unsponsored Sunday afternoon show is substantially this:

"It's almost impossible to make a go of an intellectually potent TV program. Sponsors are shy of them. Better to play safe with the established entertainment formulas — westerns and variety shows. It's too bad, but that's the way it is."

Let's raise a dissenting voice. First of all, before writing the obituary of "The Seven Lively Arts," let's report that some of its works probably will return next year — though probably not under the title of "Arts." It's a sad commentary in the minds of some citizens that the very word

"art" of "arts" repels them. CBS has put about 1 1/2 million dollars in the program, which has been unable to attract a sponsor. Time and money have been invested in several shows which will not be seen before "The Seven Lively Arts" bows out on Feb. 16. Almost certainly they'll be seen later.

Unfortunately, the program as now constituted never did recover from the numerous negative reviews its first show received.

More than one-half the U.S. Pacific coastline is covered by California.

## Author Dies Of Burns In Apartment

WASHINGTON (AP) — Ruby A. Black, 60, author and former newspaper-woman here, died Saturday night of burns suffered in her apartment.

Miss Black suffered third-degree burns over her entire body in a fire that consumed her clothing and a chair in which she was sitting.

She retired from active newspaper work in 1947. She had been ill since June.

A native of Texas, Miss Black had been a correspondent for newspapers in Wisconsin, Massachusetts, Maine, Texas, Iowa, Western New York and Puerto Rico.

In 1941 she received the National Headliner award from Theta Sigma Phi, professional journalistic sorority for her book, "Eleanor Roosevelt: A Biography."

## Round Table Is NATO's 'Summit'

### It Solves Delicate Problem of Protocol in Seating 'Top 15'

By ROSETTE HARGROVE  
NEA Staff Correspondent

PARIS (NEA) — As the heads of government of the 15 NATO member nations gather here for their "summit" conference today, it is like a gathering of the Knights of the Round Table in the legendary days of King Arthur.

The round table idea solves the delicate problem of protocol: who among the 15 should sit at the head—or the foot—of a conventional conference table?

Thus the NATO "summit" will be a table more than 17 feet in diameter. In a wider circle behind the 15 will be the secretaries of state, defense and finance of each nation, and behind them the experts of each delegation.

All in all, there were an estimated 500 official performers when the curtain went up on the conference, plus another 1,000 or so newspaper correspondents, photographers, TV, radio and motion picture men.

Only 100 representatives of the major world press services, plus TV and radio men, will witness the conference first-hand. Because of lack of room, special correspondents for individual newspapers, columnists and other special writers will view the sessions on TV screens in the adjoining press room, press bar and other strategic spots.

The press corps will include some 300 Americans, 60 of whom will fly in on a special plane from Washington. Seventeen TV and radio chains will be represented. To handle this mass invasion,

which represents almost the equivalent of a regimental combat team, NATO voted a special budget of \$47,000 to equip the now slightly moth-eaten "temporary" structure in the shadow of the Eiffel Tower which houses NATO offices. The rambling building was set up in 1951 for a United Nations plenary meeting.

The money has been used to: Set up a press conference room holding 800 persons where NATO Secretary General Paul Spaak will hold evening conferences after each session.

Install 56 new telephone lines and 27 extra cables.

Erect a special TV transmitter.

Build a photographic laboratory.

Security problems will be handled by the permanent NATO security staff, uniformed and plain clothes members of the Paris police, plus Secret Service men accompanying the American delegation.

For after-hours relaxation, there will be an official dinner on today for 140 top-level guests in the foyer of the adjoining Theatre de Chailiot.

It will be black tie—and strictly stag. When arrangements were made, Secretary General Spaak is reported to have told the delegates:

"Gentlemen, as we shall be among ourselves, without the ladies, we must try to be amusing."

The ladies will come into their own the tomorrow night when President Rene Coty throws a sumptuous banquet for the top 15, other VIPs and their wives. This will be followed by a reception to which everybody who is anybody in Paris will be invited.

East Side Fire Company was called to Marietta and Frederick streets yesterday at 9:50 a. m. when wiring in the car of E. M. Twigg, 600 Frederick Street, began to burn. Firemen cooled off the wires with carbon dioxide and reported there was no damage except to wiring.

Editor's Note: Couple have good income but man's nervousness upset retirement plans.

**DEAR MARY HAWORTH:** How does a man reach and accept retirement gracefully? My husband is full of self-pity and resentment because his retirement is approaching.

His hot temper flares more often than usual. Selfishness has the upperhand of him. He does only what he wants to do, and tolerates only the people and things he likes. His pet subjects are sports and finance and both wear thin after a time.

When in a foul mood, he is intolerant of others' interests, if they don't happen to be his interests too. This has had embarrassing results; and consequently we are alone mostly, which I realize isn't good for either of us.

Because of his self-pity, he doesn't know I exist except to get his meals and care for the home; and when I mentioned this once, he replied that he can get his own meals.

**Will He Feel Better, Later?**

Retirement will mean a big change, — almost a new life for him—I know; and I sympathize on that score. But it isn't the end, nor the bottom of the pit. We've been very economical and have invested quite a nice sum in good securities, that might take care of our remaining years even without social security, and pension income.

Also we are in good health and have a comfortable house — so much to be thankful for. And there's no reason why we can't work to supplement our income, as long as we're able. Even though we may have surplus income left over, from one month or one year to the next, there will be no luxury buying. Frank has always begrudged that kind of spending. His idea of luxury, another might think a necessity. Do you think he will adjust better once he is retired? If not, I can see some very unhappy, lonely years ahead for both of us — and these should be happy years.

D.R.

**Job Has Been Escape From Life**

**DEAR D.R.:** Will Frank adjust better once he is retired? Adjust better to what? Just what is it, about the prospect of retirement, that makes him such a sorehead? Evidently he feels that, when out of a job, he will have lost his grip on life. Which suggests that his job has been not only a way of life in itself—a substitute for all other forms of being; in his scheme of things—but also his escape from closeness to you. Indeed, his escape from a real reciprocity relationship with anyone.

Looking ahead to the time when his job is filled by someone

else, what does he foresee for himself? Emptiness. Tedium. No refuge, no place to hide, from the meager reality of himself and his marriage. He feels cornered, despondent and defiant. But I don't suppose he is trying to sort out what ails him, in a constructive effort to outgrow it.

**Genially Keep Out Of His Way**

Essentially he is a passive introvert character, who probably regrets your seeming dependency upon him to set the tone of your married life. So my advice is to take the initiative in adjusting yourself to the proposition of staying out of his way, after he is retired. This new pattern for yourself may center on a paid job, full or part time; or it may include a range of club activities, on behalf of church, political party, civic charities and such.

## Report Hits At Personnel For Engineer

Assistant, Draftsman Had Been Sought In Mayor Eves Order

The Finance Department of the City of Cumberland recommended today that no new personnel be hired for the Engineering Department at this time.

The report by Commissioner John J. Long was requested by the Mayor and Council last month. It followed presentation of two orders signed by Mayor Roy W. Eves to fill the assistant engineer's position and hire a draftsman.

Long in his report today said the 1957-58 budget is set and the department's operation cost is \$42,000.

He said his department recommends no new personnel at this time for the Engineering Department and said its operating costs have increased 38 per cent since 1951 and 132 per cent since 1942. At the same time, \$319,697.90 was paid to Baltimore consulting engineer firms.

**Independent Study**  
Because of the magnitude of the study, Long said the department recommends that an independent, fair and businesslike comparative study and evaluation of city hourly and salary jobs should be made by an outside source selected by the council.

He pointed out a similar extensive effort was made without cost to the city by three outstanding industrial personnel men, Walter Hedrick of Celanese Corporation of America, Henry Lowery of Kelly Springfield Tire Company and W. Eric Gibbs of Allegheny Ballistics Laboratory. He said their report was made in March 1953 to the Civil Service Commission and Mayor and Council. The commission adopted it but the report was not formally presented to council, he added.

City Clerk Wallace G. Ullery pointed out the commission had advised council in July 1955 that it had established city classifications as proposed in the report.

Long suggested that before anything is done, the Mayor and Council consider the report made by the three personnel men. Then, he said, the Finance Department will abide by council's decision on the Engineering Department matter.

No action was taken on the report.

**Spook End Collection Talked**  
Finances also came up in another way when Mayor Roy W. Eves said it had been suggested that the city set up a collection program at Cumberland Savings Bank for city water and sewage bills.

It was decided to have Long, City Auditor Arthur B. Gibson and City Attorney Thomas B. Finan report on this request.

Finan, meanwhile, pointed out that at the moment the city does not have authority to order such a move but did not believe it to be insurmountable.

Under the code, he said, the city must have approval of the tax collector's bonding company; an amendment to the code to provide for it to be done under jurisdiction of the collector; and the approval of the collector himself.

Council generally felt the move a good one in view of the parking situation and traffic congestion. (Continued on Page 10)

## Father Montgomery New Pastor Of St. Michael's

Rev. Francis E. Montgomery, has been appointed pastor of St. Michael's Catholic Church, Frostburg, by the Most Rev. Francis P. Keough, D.D., Archbishop of Baltimore.

Father Montgomery, who has been administrator of the parish since 1943, succeeds the Rev. Patrick J. Bradley, who died in October while on a visit to his homeland or Ireland.

The announcement was made at all masses yesterday. The new pastor expressed his gratitude to the archbishop at being elevated to the pastorate of a parish which he has served for the past 20 years.

The new pastor was born in Baltimore September 24, 1905, and attended St. Philip and James School. He began his studies for the priesthood at St. Charles College, Catonsville.

He took philosophy at St. Mary's Seminary, Baltimore, and theology at the Sulpician Seminary, Washington. He was ordained to the holy priesthood on June 14, 1932, by Bishop Walsh at the Shrine of the Immaculate Conception, Washington.

Father Montgomery served as assistant pastor at St. Patrick's Church, Washington from 1932 to 1938. He was assigned to St. Michael's in Frostburg in 1938 as first assistant pastor and was appointed administrator of the parish in June 1943 at the request of Father Bradley.

During his service as administrator Father Montgomery has been instrumental in obtaining a number of improvements to the large property on Main Street. These include the redecoration of the church, blacktopping of the playground, establishment of a school cafeteria and purchase of a school bus. The school has the largest enrollment in the history of the parish with a total of 401 children.

## SS Proposal Meets Delay

Action by the Mayor and Council on the proposed Social Security program for the Police and Fire Departments was delayed this morning.

Police and Fire Commissioner William V. Keegan requested a special meeting after the regular council session since, he said, plans could mean a cost of \$10,000 to \$20,000 to his department's appropriations.

At 12:30 p. m. no decision had been made. Two plans are under consideration. One calls for setting up the program on a two-year retroactive basis and the other on a one-year basis subject to referendum by members of the department. Should both plans fail to pass, a 90-day notice issued last October would be sufficient to conduct a referendum on the basis of coverage effective January 1, 1958.

## Answer Two Alarms

City firemen yesterday answered two calls, one a false alarm. The false alarm was at the corner of Columbia and Knox streets and was answered by East Side.

East Side was also called out last night when an automobile caught fire at the intersection of Frederick and Marietta streets. Little damage was reported.

REV. F. E. MONTGOMERY

## City Protest Filed In C&A Rate Increase

The Mayor and Council today passed a resolution of protest against the C&A Gas Company's request for another rate increase.

Council's action termed the request unwarranted. It pointed out the increase would be the company's fourth in five years and the second within a year.

It requested the people's counsel, W. T. McQuaid, to exercise vigilance in its consideration of the request.

On another matter, Finance Commissioner John J. Long suggested that the council prepare a resolution protesting the reduction of B&O train service between Washington and New York. He suggested that instead of a 100 per cent cut that a "reasonable" reduction in service be made.

Council authorized Commissioner William H. Buchholz to advertise for bids for a sewage and water billing machine. Bids will be received until 10 a. m. Monday, December 30, and a copy of specifications can be obtained at the office of the city clerk.

Accepted was the bid of McIntyre's in the amount of \$1,600 for a one-ton panel truck for the Water Department.

## Group Plans 25th Reunion

The Class of 1933 of Allegheny High School will have another meeting on Friday, January 10, at 7:30 p. m. in Central YMCA to forward plans for its 25th reunion next year.

At an organization meeting, E. R. "Bill" Kellough, class president, appointed John Vandegreiff as chairman.

Co-chairman is Mortimer Schaidt and Miss Margaret Lester is secretary. Charles Bonig, treasurer; James Robinette, publicity; and Mr. and Mrs. Donald Paulman, banquet and entertainment.

Kellough pointed out that of the class of approximately 220 graduates the committees have been unable to locate only ten persons—Anne E. Bennett, Harold L. Davis, Richard W. Dunlap, Edwin Gale, John D. Halterman, Eugene Martin, Betty Hannah Mitchell, J. Milton Patterson, William Collins and Sam Keene.

Those having information concerning these may contact Vandegreiff at Vandegreiff's Music Shop, Baltimore Street, Phone PA 4-1434, Kellough said.

## Rotary To Hold Sound Program

An unusual program will be presented tomorrow at the weekly meeting of the Cumberland Rotary Club at noon in Central YMCA.

C. W. Seasholtz, publicity chairman, said last night the program will include a demonstration on the use of equipment from RCA featuring latest achievements in the field of stereophonic sound.

The achievement of stereophonic or third dimension sound is reproduction which gives a person the feeling that he is hearing with both ears, each acting as a separate receiving set.

Wilton S. Sykes will make the demonstration.

## Extra Interest Voted By Loan Association

The board of directors of the Western Maryland Building and Loan Association, Inc., meeting on Tuesday, declared an extra one-half per cent interest on all savings accounts for the current semi-annual period.

In addition to the special payment, the usual one and one-half per cent interest will be paid for the same period as it was for the first six months of 1957. The depositors will receive for the calendar year 1957 a total of three and one-half per cent interest due to increased earnings, according to George L. Carey, president.

## Drop Noted In Juvenile Case Total

Officials Pleased With Decrease Of 23 Cases In November

For the first time in many months a decrease was recorded in Allegheny Juvenile Court cases handled during the month of November.

John Jeffries, probation officer, released his monthly report this morning showing that only 52 cases were handled during November. The court had previously been hearing in the neighborhood of 75 cases monthly.

Juvenile Magistrate Fred H. Anderson said the court was pleased with the decrease and hopes that the smaller figure stands for a decrease in delinquency in Allegheny County. Only ten children were brought before the court.

## Noise At Halloween

An unusual note in the report was the fact that not one case of vandalism was reported during the Halloween season. Normally traffic is heavy in Juvenile Court following Halloween.

Of the 52 cases handled in November a total of 42 involved adults and 10 children.

The classification of the juvenile cases were ten delinquent, while the adult cases involved six for contributing to the delinquency of minor, three for neglecting children, 11 uniform support cases and 22 non-support hearings.

## Reasons Listed

The reasons for the juveniles being referred to court were two auto thefts, one chronic runaway, two disorderly conduct cases, one for stealing and four school problems.

The source of referrals were one parent, five police, three from the Board of Education and one from the probation officer.

All ten of the juveniles were between the ages of 13 and 16. One of the youngsters had been in court on one previous occasion, while one had been before the juvenile judge four times.

**Eight On Probation**  
Eight of the juveniles were placed on regular probation, one was committed to the training school and one was referred to the Allegheny County Welfare Department.

Two of the adults had petitions withdrawn, one had his case dismissed, one was warned; two were turned over to the Welfare Board, two sentenced to correctional institutions, two fined, ten ordered to pay support, ten had sentences suspended and 11 were ordered to pay uniform support. One could not be located.

During the month of November a total of \$15,437.93 was collected in support payments.

## Wading Stream Proves Fatal To Coon Hunter

Exposure as a result of wading across shallow South Fork of the South Branch of the Potomac River near Moorefield was given as the cause of death of a 58-year-old coon hunter late Saturday night or early yesterday.

The victim, George Eston Riggelman, of South Fork, was found by a searching party yesterday morning lying on the bank of the river. His dog was still at his side.

Riggelman had lost his flashlight, gun and shoes during his trip across the icy water in his barefeet.

The searching party was formed when he failed to return to the home of a nephew, Joseph Riggelman, with whom he resided, yesterday morning.

He was born March 1, 1899, the son of John F. and Virginia (Smith) Riggelman. He was a veteran of World War II.

He is survived by four sisters, Mrs. Edward Landis, Petersburg, Mrs. Olin Mallow, Upper Tract; Mrs. D. C. Craft, Union, W. Va., and Vance Bensenhaver, Petersburg.

He also leaves four brothers, Charles Riggelman, Moorefield; Andrew and Fred Riggelman, Dorcas, and Oscar Riggelman, Petersburg.

The body will be at the Thrush Funeral Home, Moorefield, after 7 p. m. tomorrow. At noon Wednesday the body will be taken to Sites Chapel at Elk Horn where services will be conducted. Interment will be in Elk Horn Cemetery. John M. Goltiday Post, American Legion, Moorefield, will accord military rites at the grave.

**JUDGED BEST**—The holiday decoration display entered by Mrs. Lawrence W. Brown, LaVale, in the exhibit yesterday afternoon in Allegheny County Historical House, shown before her at left, was judged the best by popular vote. Presenting her with a prize is Mrs. William Frailey, general chairman for the show sponsored by the Garden Club of Cumberland. Runnerup was Mrs. William A. Gunter, 201 Washington Street.

## Contract Let For Office Building Here

A contract to build a new office building for the local quarters of the Social Security Board and the Metropolitan Insurance Company has been let by the Pershing Building Corporation to the George Construction Company.

George Waingold, agent for the corporation, said that work will not be started on the new structure until sometime after the first of January. Waingold said the plans for the building are being prepared by the Corinthian Engineering Company.

The new office building will be erected on the site of the parking lot at the corner of South Mechanic Street and Pershing Street. The present Social Security Board offices are on the third floor of the Post Office Building.

The governmental agency needs more space due to the increase in the services provided to those covered by Social Security. The Pershing Building Corporation was awarded the contract to provide a new building after bids were asked by the General Services Administration, a governmental agency.

Waingold said the new building will be of a one-story construction.

## Social Security Program Slated

The Cumberland Association of Life Underwriters will take up "Can We Have Sound Social Security?" at a meeting Friday at noon in Central YMCA.

The association will sponsor the first local showing of aspects of the Old Age and Survivors Insurance Program which was prepared by the National Association of Life Underwriters in Washington, according to L. M. Roberson, president.

The slide-narrative features one of the most comprehensive reviews of the SS program, and contends the financial stability of the program is endangered by continual expansions, Roberson added.

Space for turning would be limited although about ten cars could be accommodated for either public or private use.

No further action was taken.

## Lakes Below Crest

Lake Gordon is 3 feet 7 inches below the crest of the spillway and Lake Koon 15 feet below, C. L. Brotemarkle, assistant superintendent of Evitts Creeks Water Company, reported today. Consumption for the week ending yesterday was 83,310,000 gallons compared to 86,010,000 the same period a year ago.

On another question, City Engineer Charles R. Nuzum made a report on a request by Commissioner John J. Long about the availability of extra space for parking adjoining the Algonquin Hotel after the Baltimore Street bridge project is completed.

Nuzum explained about the grade which will result and said it would be necessary to fill part of the 40 foot area to sidewalk level. Actually 30 feet of space would be available since the Corps or Engineers prohibits use within ten feet of the flood wall which would have to be strengthened.

Space for turning would be limited although about ten cars could be accommodated for either public or private use.

No further action was taken.

## City Seeking Fund To Back Water Project

Dorn, Nash Avenues May Be Given Better Domestic Pressure

The city will attempt to find \$6,000 in an effort to give residents of Dorn and Nash Avenues sufficient water pressure for domestic use.

Water Commissioner William J. Edwards said today that he and City Engineer Charles R. Nuzum had surveyed the situation and estimated it would cost the city that amount.

Council passed a motion by Commissioner William H. Buchholz for Edwards; City Auditor Arthur B. Gibson and City Attorney Thomas B. Finan to investigate means of making the necessary adjustments and determine how the money can be found.

Residents of the area had petitioned council for relief last week.

## City Has Obligation

Mayor Roy W. Eves said the residents are taxpayers and council has an obligation to them. His sentiments were echoed by Commissioners John J. Long and William V. Keegan. It was pointed out that the city would receive no return on the money necessary to give the area sufficient water pressure.

Clouding the immediate picture is the recent outlay of more than \$20,000 for repairs to the Fort Hill and Ridgedale reservoirs. The money for the water pressure improvement must come from operating revenues.

On another matter, council received a letter from William R. King, Holland Street Extended, expressing his and other residents' opposition to location of an Army Reserve Armory there. He said its location there was not desirable.

Mayor Eves and Nuzum pointed out that of sites inspected by Reserve officials, the Holland site was not first choice.

## Defended By Buchholz

Buchholz, in commenting on the National Guard and Reserve Armory situation here, said he did not know when people here are going to learn the lesson "that you can't have your cake and eat it too."

Referring to opposition to proposals for new National Guard and Reserve armories in certain sections, Buchholz said the architectural structure of the buildings would not be a liability to property owners and added that both Hagerstown and Salisbury have new armories.

He further stated that the Armories would mean more people employed and pay checks and he did not see "how we can pass these things up."

"It's all right with me if you put them in my back yard," he said, if it means more employment and more paychecks for residents here.

## Christmas Holiday

City departments and offices will close at noon, Tuesday, December 24, and reopen at 9 a. m. Thursday, December 26, in observance of Christmas, the Mayor and Council ordered today.

## State Skiing Meet Slated By Area Club

The Western Maryland Ski Club will convene at the American Legion Home in Westernport tomorrow at 8 p. m. George Hankins, president, announced today, to plan a state skiing meet.

Hankins said this location was chosen because it is geographically convenient for the membership, being 26 miles from Cumberland and Oakland.

On the agenda is the detailing of preliminary plans for the Maryland State Slalom Skiing Championship to be held at Marsh Mountain Slope, Deep Creek Lake, on Sunday, February 2.

Also will be the approval of revisions of the constitution and by-laws and enrollment of new members.

Hankins said following the business meeting will be a social hour and an excellent skiing movie.

He added that those interested in skiing are urged to attend the session. Further details may be obtained by phoning Glenn Kline, PA 4-3164, chairman of transportation, or Dolores Eirich, PA 2-6412, membership chairman.

On another question, City Engineer Charles R. Nuzum made a report on a request by Commissioner John J. Long about the availability of extra space for parking adjoining the Algonquin Hotel after the Baltimore Street bridge project is completed.

**ALL EYES**—These three youngsters, eagerly awaiting the Christmas season, are shown as they watched the Yale display on the lawn of Emmanuel Episcopal Church light up in ceremonies last night. The three are the children of First Lt. and Mrs. Willie Lowe of Ridgeley. In front is Rhonda, 15 months, left is Kenneth, four, and Lemmi, five. Their father is stationed with the Marine Corps in Japan.

**ON THEY GO**—Dr. Blair Stump, president of the South Cumberland Business Men's Association, is tripping the switch that turned on the lights on the community Christmas tree erected in South End at the intersection of Race and Seymour streets last night.

## Pedestrian Struck By Car Remains In Fair Condition

James Garrison, 64, Barton, is reported in "fair" condition today at Potomac Valley Hospital in Keyser where he was admitted Saturday night after being struck by a car near his home.

Garrison sustained a fractured arm, dislocated shoulder and a severe scalp laceration when he was struck by a car operated by Raymond M. Chaney, 211 Hammond Street, Westernport.

Trooper R. C. Dishong of the Maryland State Police, who investigated, said Garrison was walking south on the east side of the highway when he was struck by the Chaney vehicle. Charges against the driver are pending, Trooper Dishong said.

In "satisfactory" condition at the same hospital is William Barb of Canton, Ohio, who was admitted Saturday night when the car he was driving crashed on Route 135 one and one-half miles from Westernport.

The State Police reported that Barb's car overturned several times and wound up on the Western Maryland Railway tracks. He sustained face and head injuries.

## Crash Driver Posts Bond

Willard Wiland, 20, Midland, has posted \$500 bond before Trial Magistrate J. Milton Dick after being charged with speeding in connection with an accident which caused critical injuries to Lloyd W. Smith, 19, Lonaconing, early last Monday morning.

Wiland posted bond for a hearing on a charge of exceeding 70 miles an hour after a lengthy investigation of the accident by the state's attorney's office.

The charge was preferred by T.C. Robert Dishong, who investigated for Maryland State Police.

The Smith youth, an occupant of the car, was reported still "critical" this morning in Potomac Valley Hospital, Keyser, where he was admitted after the crash on Route 220 in McGoole. He suffered a fractured skull in the accident.

State's Attorney Paul M. Fletcher said any further charges against Wiland will depend upon the outcome of the Smith youth's injuries.

Edwin R. Lilya on Friday afternoon questioned and took statements from witnesses to the accident, along with Keyser police and T.C. Dishong.

tion around City Hall. It was pointed out some utilities allow payment of their monthly bills at the bank.

City Auditor Arthur B. Gibson also suggested that a safe deposit box could be made available at City Hall for convenience of those unable to make payments during regular hours.

Council took no definite action but it was understood Finan would contact the collector's bonding company in regards to the South End collection agency.

Prince Georges County Police said the thieves by-passed two burglary alarms in breaking through to the supposedly burglar-proof safe in the penthouse office of the one-story building.

The store manager, A. H. Collins of East Riverdale, said the cash represented weekend receipts locked in the safe when the store closed Saturday night.

Detective Sgt. Emmett S. F. Gray said the safe job had "all the earmarks of professional safe crackers," and apparently involved at least two operators.

## Child Injured When Heater Explodes In Apartment

BALTIMORE — An oil heater exploded in a Middle River apartment house last midnight, injuring a child and knocking one wall from the brick building.

Nine-year-old Sharon Reissig was treated at Johns Hopkins Hospital for burns of the feet and released early today.

The blast blew out a brick front wall of her parents' apartment, but it did not burn.

Battalion Chief Jacob P. Harglik of the fire department said the heater, which heated the apartment, was located in the basement. The garden-apartment development is east of the city in Baltimore County.

Fuel oil flooded over the base of the heater, which was turned off by the mother.

The mother, Mrs. John H. Little, 132 North Centre Street, said the heater was turned off by the mother.

## Garrett School Dedication Event Draws 500 Persons

OAKLAND — More than 500 persons attended the dedication ceremony yesterday at the new Dennett Road Elementary School here.

This morning 380 children who have been enrolled in the old Annex building will move into their new institution, according to Foster A. Riggs, principal. The only equipment to be taken from the old building to the new will be books and instructional materials.

Dr. W. S. Patterson, pastor of St. Paul's Methodist Church here, delivered the principal address at yesterday's ceremonies.

Another significant talk on the development of the Garrett County public school system was given by Willard L. Hawkins, school superintendent.

Keys to the new school were presented to Mr. Riggs by Dr. Ralph Calandrella, of Kitzmiller, president of the Garrett County Board of Education.

Other participants in the program included H. D. Swartzentruber, president of the County Board of Education; Mrs. Earl Zepp, Rev. Ross Speicher, who gave the invocation; Merritt Feather, president of the Dennett Road School PTA; Mrs. Ethel Helbig, sixth grade teacher; Margaret Englander, sixth grade pupil; and Rev. Charles Carlson, pastor of St. Mark's Lutheran Church, who gave the benediction.

Guests at the dedication included Maurice Brookhart and George Edwards, also members of the County Board of Education; Walter Dawson, C. O. Bender, Earl Guard and Stuart Hamill, former school board.

# Maryland, West Virginia Put In INS' Top Ten

## Terps Sixth, WVU Tenth As Carolina Keeps Lead

By TONY GALLI

NEW YORK — (INS) — North Carolina, gunning for another national championship, puts its 36-game winning streak in severe jeopardy this week when it enters "ambush land" at Lexington, Ky., for the University of Kentucky invitational.

"Deadeye" Adolph Rupp, who seldom misses, especially in his own backyard, will have his Kentucky boys up for the games he hopes will lift the Wildcats back into college basketball's top ten. Tar Heels Still First

North Carolina was ranked first nationally for a second week on the strength of their four straight easy wins, the latest being the 70-53 victory over South Carolina Saturday.

Hard as it may be to believe, the Tar Heels may be tougher than last year despite the departure of All-American Lennie Rosenbluth and key injuries to 6-9 senior Joe Quig, 6-7 junior Dan Lotz and 6-4 soph York Larese. But if Frank McGuire's champs sweep the Kentucky tournament, it will be very easy to believe.

There was a big turnover in the International News Service nationwide survey with Memphis State, St. Louis, Iowa, Yale, California and St. Bonaventure departing from the "top 20" to be replaced by Maryland, Mississippi State, St. Francis of Loreto, Oregon State, Seattle and West Virginia.

The first ten teams in the survey lined up this way:

1. North Carolina (4-0); 2. Kansas (5-0); 3. Kansas State (4-0); 4. Cincinnati (4-0); 5. Minnesota (3-0); 6. Maryland (4-0); 7. Michigan State (3-0); 8. UCLA (4-0); 9. San Francisco (3-0); 10. West Virginia (5-0).

Wilt Chamberlain had a pleasant homecoming in Philadelphia, scoring 31 points in Kansas' 66-54 win over St. Joseph's. Kansas State, with Jack Parr pumping in 25, whipped Iowa, 86 to 69, for the Wildcats' third straight win over a Big Ten opponent.

Sophomore sensation Oscar Robertson scored 36 as Cincinnati whipped Xavier of Ohio, 79 to 68, to take its invitational tournament and soar from 18th place to fourth. Robertson now has 123 points in four games.

Terps Climb To Sixth

Minnesota took the week off and Maryland climbed to sixth with its win over Kentucky. Michigan State routed Colorado, 84 to 44, as Larry Heddon tallied 29. UCLA whipped DePaul twice, the second time by an 83-48 score.

UCLA and DePaul used pro basketball's 24-second shooting rule but both coaches thought it would work better in colleges on a 30-second basis.

San Francisco ripped California, and West Virginia ran off three straight, topped by a 74-69 win over Washington & Lee.

The second ten looked like this: 11. Rice 3-0, 12. Utah 4-0, 13. Kentucky 4-1, 14. Bradley 2-1, 15. Illinois 3-0, 16. Mississippi State 6-0, 17. St. Francis 4-0, 18. Oregon State 5-0, 19. Seattle 2-1, 20. Notre Dame 3-1.

Rice topped Louisiana State and Utah beat Los Angeles State and Tulsa, or to 55. Kentucky bounced back from its Maryland defeat to whip St. Louis, 73 to 60. Bradley beat Arizona but then was upset by Seattle, 82 to 76, as All-American Elgin Baylor scored 26 and held Barney Cable to nine.

Illinois beat Butler and Mississippi State downed Auburn, 82 to 37, to take the Birmingham Classic.

Frankies Topple Dukes

St. Francis beat Duquesne and St. Joseph's. Oregon State dumped Seattle and Gonzaga, 71 to 63, with Dave Gambee scoring 16. Notre Dame was surprised by Marquette, 78 to 64.

Other major scores Saturday were:

Miami (O.) 66, George Washington 64; Duquesne 81, Pitt 64; Marshall 87, St. Bonaventure 68; TCU 86, Miami 59; Columbia 60, Army 56; Michigan 88, Washington (Mo.) 58; Penn State 71, Colgate 58; Boston College 82, Connecticut 68; Bowling Green 65, Ohio 60; Virginia 66, Wake Forest 61; Dartmouth 81, Williams 64; Temple 75, Bucknell 59; Penn 73, Rutgers 64; Fordham 83, Rhode Island 50; Dayton 69, St. Mary's 50; Richmond 65, VMI 59; Texas Tech 67, Georgia Tech 64; Niagara 82, Florida Southern 61; Purdue 70, Nebraska 61; LaSalle 72, Manhattan 59; Cornell 60, Syracuse 54.

Texas 75, Tulane 64; Princeton 61, Navy 53; Texas A&M 72, Ohio State 69; Yale 80, Holy Cross 75; Iowa State 72, Wyoming 51; Missouri 78, Indiana 73; Houston 77, Canisius 70; Southern Methodist 72, Vanderbilt 58; Detroit 68, Louisville 66; Idaho 85, Nevada 48; Oklahoma State 43, Washington 39; Lafayette 71, NYU 63; Washington State 67, Montana 59.

HURRYIN' HENRY

DETROIT — John Henry Johnson has gained more yards rushing for the Detroit Lions in 1957 than any back since Bob Hoernschemeyer picked up 673 yards in 1951.

Sports Spatterings

Southern High of Oakland will jump to the Class A rating next year. The Highlanders now have the biggest enrollment of Class B schools in the state with 249 boys to lead Sparrows Point (249) and Boonsboro (229).

There are 30 Class A, 36 Class B and 43 Class C schools in Maryland. Rating is based on male enrollment with Class A 250 and over, Class B is 150-249 and Class C is under 150.

(Continued on Page 13)

DEREMER SIDELINED — Jim Deremer, former Allegany High cager and now a freshman on the Western Maryland College quint, will be sidelined for six to eight weeks following an injury in a game last Thursday against Gettysburg College. Deremer suffered a fractured collarbone in a scramble for the ball midway in the second half. He had played in all four of the Terrers games this season and had an .800 average at the free throw line. He is rated one of the best defensive players on the team. Deremer was an All-City selection for the Campers last season and made the second team of the All-WMIL.

## Coaches Believe Schaus Has Finest WVU Team

By The Associated Press

Southern Conference coaches believe Fred Schaus has his finest basketball team at West Virginia this year.

But the fellow in the very best position to size-up the unbeaten Mountaineers—Schaus himself—says only "maybe." He has his doubts.

"Better Balance"

"Potentially, we could be better on defense than last season," says Schaus. "We also are getting better outside shooting, which is helpful because of the tougher defenses we are having to solve. We have better balance."

"But I have said all along, and I still say, that you can't lose a player like Rod Hundley and be better than when you had him on your side. At least, not right at the start of the very next season."

"Rod could do so many things. You can't replace him with a sophomore, which is what we're trying to do."

Schaus admits the sophomores—Jerry West and Willie Akers in particular—have been playing very well. "But, he adds, 'They're still sophomores and they make mistakes...so far we have survived, and of course I'm pleased. If we survive this week, I'll know we're on our way.'"

Understates Case

Schaus actually was understating his case on the subject of this week's assignment for the Mountaineers, who have won their first five games and lead the Southern Conference with a 4-0 record. If the Mounties survive the next six days in good shape they won't be "on their way"—they will have arrived.

Richmond, a conference foe which like West Virginia is undefeated after five starts, tests the Mountaineers tomorrow night at Morgantown in an early battle for the league lead.

Then, Friday night, West Virginia moves into Lexington, Ky., for a first-round date with third-ranked Kentucky in the Kentucky Invitational Tournament. Saturday night they must face either first-ranked North Carolina or Minnesota, the No. 11 team in the land.

West Virginia had its closest call last Saturday night when Washington & Lee, using superb ball control tactics and Dom Flora's 32-point shooting, held the Mountaineers to a 74-69 decision.

Spiders Given Scare

The Mounties weren't the only conference leading lights to get a scare in Saturday's action. Richmond, a heavy favorite, needed a 27-point barrage from Butch Lambiotte to shake off fired-up VMI, 65-59. And The Citadel, the league's third unbeaten team, had to go into overtime before Furman finally got into the victory column by downing Florida State, 95-89. George Washington, now winless in five starts, bowed to Miami of Ohio, 66-46, in the overtime consolation game of the losers' 20 tallies.

## DeCola Fights Russo Tonight At New York

By The Associated Press

Danny Russo and Tony DeCola, two promising welterweights from Brooklyn, meet tonight at St. Nicholas Arena in New York in an interesting match.

Russo, 19, has a fine 12-3 record. He moved out of the preliminary ranks in the last five months, beating Eddie Lynch and Peter Schmidt.

DeCola, 21, has a 25-9-1 record. His fine performance in two losing bouts with Jimmy Archer won him another call from Matchmaker Teddy Brenner.

Du Mont will telecast in some sections.

Willie Pep, former featherweight champion, comes back to Boston for a match with Jimmy Connors of New Bedford, Mass., Tuesday.

Yolande Pompey of Trinidad hopes for better luck on his second invasion of America than he had in 1954 when he was beaten by Moses Ward in Chicago and injured both hands.

Pompey draws Clarence Hinant of Washington as an opponent Wednesday at Chicago Stadium. Ring magazine puts Pompey No. 2 among light heavy contenders and the National Boxing Assn. ranks him No. 6.

Hinant is a heavy puncher who is rated among the top 10 in both rankings.

ABC will telecast.

Jimmy Archer makes the main event class at Madison Square Garden for the first time Friday in a welter bout with Gale Kerwin of Valley Stream, N. Y., and Ottawā-NBC will broadcast and telecast.

## Rifle League Race Remains Two-Way Tie

By The Associated Press

Holiday tournament time is nearing for college basketball teams, with Atlantic Coast Conference clubs participating in six.

Two of them will be played this week. Defending national champion North Carolina is in the Kentucky Invitational at Lexington Friday and Saturday.

Clemson meets Alabama Thursday afternoon in a first round game of the Carrousel Classic which continues through Saturday at Charlotte, N. C.

Terps Play Middles

Maryland, surprisingly strong this season, plays only one game this week, at home against Navy Wednesday, and then participates in the Sugar Bowl Tournament at New Orleans which opens a three-day run Dec. 28.

Also to be played next week are the Dixie Classic, Dec. 26-28 at Raleigh, N.C., and the Richmond Invitational Dec. 27-28, in which Virginia will participate. Among the eight teams in the Dixie Classic will be four from the conference—North Carolina, Duke, North Carolina State and Wake Forest.

The following week, Monday and Tuesday, Dec. 30 and 31, Clemson and South Carolina will play in the Gator Bowl at Jacksonville, Fla.

Both Undefeated

North Carolina and Maryland are undefeated, each having won four games this season. North Carolina made it two straight in the conference by disposing of South Carolina 70-58 Saturday.

The Tar Heels now have won 36 in a row over two seasons.

In its last start, Maryland opened its league season Friday with a 72-58 victory over Wake Forest. Virginia, after two losses, made its conference start Saturday night a good one, whipping Wake Forest 66-61 for its first victory.

## Bears Retain Pacing Slot In Cage Ratings

By DICK DUNKEL

DAYTONA BEACH, Fla. (INS)—College basketball's final week of its pre-conference season tonight as the suspension grows that the Missouri Valley Conference and the Ivy League may be the most improved groups in the country.

Three MV titans, Cincinnati, Bradley, and St. Louis still topped the Power Index standing at the last updating, Dec. 11.

Only One Loss

At a much lower level but showing greatly increased ratings, far from the Ivies, spearheaded by Yale, Princeton, Dartmouth and Harvard, that quartet showed only a single one-point loss in 12 games played.

Last year's strongest conferences, the Big Eight and Big Ten, appeared to be slightly down, and so did the SWC. Others seemed to be holding their former levels.

Standings were almost unchanged from those shown here last Friday. Cincinnati's top rating of 91.6 was composed of an average scoring margin of 38.5 points added to an opposition index of 52.1.

Heavy Slate Carded

In the heavy schedule of the next four nights, high-ranking teams show the following pay, or rating differences, over their opponents. This is what they'll need to do in order to maintain current ratings:

TONIGHT: Kansas, State 21 over Arkansas, San Francisco 8 over St. Cal; Evansville 16 over St. Mary's, Cal.; Kentucky 9 over SMU, Vanderbilt 36 over Southwestern.

TUESDAY: West Virginia 23 over Richmond, Purdue 19 over DePaul, San Francisco 13 over Stanford, Notre Dame 11 over Loyola, Ill.

WEDNESDAY: Maryland 29 over Navy, Rice 1 over Illinois. (Continued on Page 14)

Barbell exercising and basketball aren't neighboring sports or even distant relatives in the strictest sense. But that's not what coach Bud Millikan, whose University of Maryland basketball team has been stunning the nation this season, believes.

Millikan is a no-nonsense guy from the old school — Oklahoma A & M in this case. And he is the subject of a feature article by sports writer Dave Brady of the Washington Post and Times Herald in the latest issue of the Sporting News. Millikan's Terps are currently rated sixth in the latest International News Service poll and are still undefeated, the most cherished victory being the 71-62 upset of Kentucky.

Brady writes of Millikan that he is "as solid as dad's shaving mug at the corner barber shop in his native Maryland, Md., parts his hair in the middle as dad used to, and can play right end for the barbershop quartet with his deep voice."

"He puts no frills in the Maryland offense; he'd rather play the percentage, as did his old coach, Hank Iba."

"If you have a good shot from your favorite spot — shoot! Millikan tells his athletes. 'Otherwise, move the ball around until you do.'"

"Yet what do you think Millikan, the old conservative, did to condition the long loose muscles of his Terrapins for those graceful moves identified with basketball?"

"He gave them weight-lifting exercises from the first day of practice, October 15, until a few weeks before the season was to begin."

"It was a sight to shock a basketball traditionalist — seeing a dozen or so lean-limbed crews poised with barbells on their shoulders."

"First they would pose on the end of a two-inch board, like divers about to do a back flip."

"In this position they did toe lifts, as Millikan calls the exercise. Next there were quarter kneebends on the regular floor surface."

"Millikan explained that the whole purpose was to get more spring in the legs of his Terrapins so they would be more likely to boss the backboards. All this in the year that Maryland has the tallest team in history."

"What about the muscles of the upper torso and arms which propel the shots and passes?"

"Oh, we don't tamper with them," Millikan said. "In fact, I don't even allow the boys to lift the weights to their shoulders for the leg exercises. They help one another to set the barbells in position."

"As fall practice wore on we gradually added poundage to the barbells and increased the number of lifts and bends."

"By the time we stopped the exercises, we noticed specific cases of improvement. Charley McNeil was a good jumper before practice began, now he's a better one. That means a lot when a boy is six-six to start with, like McNeil."

"Millikan also is counting on getting more reach out of the other tall timber among his sophomores, Al Bunge, six-nine; Bob Wilson, six-nine; and Bob McDonald, six-seven."

"Bunge was brilliant against Kentucky. He racked up 16 points, second high for the Terps, and appeared to be stronger at the finish than at the start. McNeil collected 20 points and drew praise from Adolph Rupp, Kentucky coach, as the player chiefly responsible for the upset."

"Are there any inherent risks in using the weights?"

"Well, you have to watch the boys once they notice themselves developing muscles," Millikan said.

"A couple of seasons ago, one of our boys got to using the weights on the sly after the squad stopped using them. He filled out his six-three frame with about 210 pounds of lumpy muscles."

"He got to looking like an Adonis because he was a handsome kid to begin with. He might have been a treat for the girls on the beach but he sure lost his value to us."

"You got to watch 'em because you can never over-estimate the power of a woman — if an athlete thinks she is watching him."

# Final Chapter In West Grid Race Slated Sunday

## Lions Battle 49ers For Title; Colts Out Of Race

By FRED DE LUCA  
NEW YORK — (INS) — The final chapter in pro football's exciting Western Conference race will be written in San Francisco next Sunday when the 49ers face the Detroit Lions with two "old pros" — Y. A. Tittle and Tobin Rote — on the firing line.

It was the experience of Tittle and Rote, with an assist from Los Angeles, veterans Norm Van Brocklin and Elroy Hirsch, that made the difference as the three-way conference tie was reduced to a two-way deadlock.

Both Rally To Win

The Lions' under the role's guiding hand, fought back from a 10-to-0-half-time deficit to beat the Bears at Chicago, 21 to 13. The 49ers were losing at intermission, 20 to 10, to the visiting Green Bay Packers, but Tittle shrugged off injuries to spark his team to a 27-to-20 triumph.

The Baltimore Colts, battling to stay alive, trailed the Rams, 20 to 7, at halftime in Los Angeles, but Van Brocklin and Hirsch never gave them a chance and the Rams won easily, 37 to 21.

The team that wins next week at San Francisco will play host to the Cleveland Browns the following Sunday for the National Football League's championship game.

At least one qualified observer is sure the Browns will win. Jim Lee Howell, whose New York Giants relinquished their Eastern Conference title to the Browns, has no doubts about the outcome of the championship game.

"The Browns will beat either of them," said Howell yesterday. "They're the best team we played all year."

Cleveland coach Paul Brown was not so sure.

Opponent Doesn't Matter

"In this league," said Brown, "any club can beat you or you can whip any of them. I'm so glad to get into the championship, the opponent doesn't matter."

So spoke Brown after his team beat the Giants, 34 to 28, yesterday in the only other NFL game. Washington dumped Pittsburgh, 10 to 3, as Sam Baker scored all the Redskins points.

The Bears built up their lead on a George Blanda field goal and a 74-yard touchdown pass play from Ed Brown to Bobby Watkins. Then Rote, an eight-year veteran at 28, took charge. He directed the Lions to one TD, scored by Howard Cassady from three yards out, and passed nine yards to Dave Middleton for a second.

The Bears crept back to within a point on another Blanda field goal but after a subsequent Chicago score was nullified by a penalty, the Lions drove to the clutching TD, chalked up by John Henry Johnson from the two.

Joe Arenas, who is 31, scored the first 49er TD on a seven-yard run after a fake field goal attempt. Gordy Soltau later kicked a three-pointer but then Green Bay rattled off 20 straight points.

Tittle, Perry Combine

Tittle, hobbled by muscle pulls in both legs, came off the bench in the second half and combined with another 30-year-old veteran of ten campaigns, Joe Perry. First Soltau got another field goal, then Perry scored the tying TD, and finally the winning TD on a two-yard plunge.

Van Brocklin, a lively 31, passed for four touchdowns and two of the heaves went to the 24-year-old Hirsch. Between them, they have played 21 pro football seasons.

Milt Plum, second-string Cleveland quarterback, gained 190 yards as he completed 11 of 16 passes. The Browns thus ended their season the same way they started, with a win over the Colts. Cleveland beat New York, 6 to 3, opening day.

COACH SAYS 'HE WON IT FOR US' — Y. A. Tittle, San Francisco 49er quarterback, plants kiss on football in dressing room at Kezar Stadium yesterday after 49ers whipped the Green Bay Packers, 27-20, to go into a two-way tie with the Detroit Lions for the National Football League's Western Conference title.

Frankie Alberti, 49er coach, declared "Tittle won it for us" after the 49ers came back in the second half to win the game. In dressing room Tittle said his sore legs felt "pretty good" but he was limping before the game ended. Lions and 49ers meet in playoff for the title Sunday. (AP Photofax)

## Vet Burkemo Scores First Medal Win

SANFORD, Fla. — "I finally won a medal play tournament, after trying for 11 years, I finally made it."

Walter Burkemo was still beaming today over his Sanford Open Golf victory after he and his playing partners — Ed (Porky) Oliver and Jay Hebert — staged a seasaw, suspense-packed windup that went to the final putt.

Burkemo, a whiz at match play, but never better than second in a major PGA medal play tournament, stood off powerful bids by Oliver and Hebert and won by a single stroke.

The husky Detroit, playing out of Franklin Hills, Mich., fired a closing 37-31 — 68 for a 72-hole 269 total and the \$2,000 top prize. It was his biggest victory since 1953 when he won the national PGA championship, a match play event.

Oliver, from Canton, Mass., posted a brilliant 31-33-64 and Hebert, from Sanford, shot 34-32-66 for 270s. They got \$1,350 each. Par for the 6,140-yard Mayfair course is 36-34-70.

## Moose, Caseys Tangle Tonight; Rec Clubs Open

Eight games, including the opening contests of the City Rec basketball leagues, are on tonight's card at the Fort Hill Carver and Allegany gyms.

A pair of City League tilts will be staged at Fort Hill with pacesetter Loyal Order of Moose tangling with Knights of Columbus at 8:30 while Old Exports collide with Chaney's Transportation at 7 o'clock in the lidlifter.

Moose, whipping Chaney's, 20-51 last Thursday, have a 2-0 record while the Caseys are winless in their only outing. Chaney's has a .500 mark in two attempts while Exports are 0-1 for the campaign.

In the American Division of the Men's Rec League, with the contests on the Carver court, Malone's Texaco clashes with Carney's Auto at 7 o'clock. Catamounts face Allegany Ballistics an hour later and Pittsburgh Plate Glass meets Kelly Local at 9 o'clock.

The American Division of the High School League shows for three games at Allegany as Tri-State Roofers open the slate at 6:30 against Browne's Confectionery. Mallin's Chiros oppose DeMolay at 7:30 while Green Ridge and Fort Hill Hi-Y close out activity in their 8:30 contest.

## Sanders Plans Talk Wednesday About A-M Job

LOS ANGELES, (AP) — UCLA football Coach Red Sanders, whose contract has six years to run, is going to talk about the Texas A. & M. coaching job Wednesday in College Station, Tex.

Sanders and his wife will fly there to consider an offer, which the Los Angeles Times says consists of \$15,000 a year plus \$5,000 a year expenses, producing a TV show that would net Sanders another \$10,000; a substantial amount of stock in a Triple A classification oil corporation; a new station wagon every year, and an air conditioned, rent-free home with all food supplied free.

Sanders admitted he is interested in the offer but said he has discussed the matter so far only on the telephone. He gathered that the money situation down there is pretty good.

Sanders' UCLA salary is rumored to be about \$18,000.

## Auburn Posts Best Defense Football Mark In Ten Years

NEW YORK (AP) — Auburn, the national collegiate football champion, swept to its lofty position on the strength of a rock-like defense that put together the best defensive mark in 10 years.

This was disclosed today with the release by the NCAA Service Bureau of its final major college statistics. Unbeaten, Auburn permitted its 10 opponents an average of only 2.8 points a game, the lowest mark since 1947. The plainsmen also led in total defense with a yield of only 133 yards a game and in rushing defense with 67.4 yards a game.

The top-ranked team in the final Associated Press poll was nowhere among the pacesetters in the offensive rankings, however. The honors in these departments were divided among Arizona State (Tempe), the only other major unbeaten, untied school, Utah and Colorado.

Arizona State grabbed titles in total offense with an average of 44.9 yards and in scoring with 39.7 points a game. Utah captured the passing crown with 195.2 yards a game and Colorado was the No. 1 club in rushing with a 322.4 yards average. Colorado was runner-up to Arizona State in total offense.

Navy finished second in total defense (162.6 yards) and was third in total offense (384.4).

CATHOLIC LEAGUE W. L.

St. Mary's 1 0 St. Patrick 0 1

Westernport 1 0 Midland 0 1

Frostburg 1 0 St. Peter's 0 1

Oakland 1 0

St. Mary's whipped St. Patrick's, 37-19; St. Michael's of Frostburg walloped St. Peter's of Oakland, 62-34, and St. Peter's of Westernport trounced St. Joseph's of Midland, 51-39, yesterday in the opening games of the Catholic Youth Basketball League.

Donnie Harden of the Gaels scored 10 of St. Mary's 15 field goals and added one free throw for 21 points. Mike Long was runnerup with 11 tallies. St. Patrick's could muster only eight fielders, three credited to Scaletta, who paced the losers with six points.

The Gaels had a 20-5 lead at the half.

Bernard "Slug" Harvey racked up 16 points in leading St. Michael's to the decision over St. Peter's of Oakland in a game played at Frostburg.

Harvey slammed in eight shots from the field for the victors.

Gonder was the "big gun" for the Garrett County quint with 22 tallies. He collected six of the Oaklanders' 11 goals and converted 10 of 19 tosses at the foul line.

The game scheduled for Thursday between St. Michael's and St. Peter's of Westernport has been transferred from Westernport to Frostburg.

Billy Davis collected 16 field goals, and 33 points to spark Westernport to a 51-39 decision over Midland in a see-saw battle on St. Peter and Paul court.

St. Peter's held a five-point advantage at halftime, 27-17, but trailed 32-31 going into the final period. Coach Harry O'Rourke's quint, however, pulled the game out of the fire by outscoring the Midland-Mt. Savage aggregation 20 to 7 in the final stanza.

## Flam Dropped Off Cup Team

MELBOURNE, Australia (AP) — In an eleventh-hour decision Captain Bill Talbert of the United States Davis Cup team tonight named the four man squad for the challenge round, eliminating Herbie Flam of Beverly Hills, Calif.

The squad named was Vic Seixas, Gardner Mulloy, Barry MacKay and Ron Holmberg.

Talbert, who earlier in the day had included Flam on the team, said the decision was made upon the advice of a doctor who prescribed complete rest for the high-strung, jittery Flam.

Indications are MacKay will play the singles along with Seixas and possibly team with Seixas in the doubles unless Mulloy, who is 44, shows an improvement over the form displayed in the inter-zone match over the weekend at Brisbane.

MacKay is a 22-year-old, 6-4 husky from Dayton, Ohio.

The fifth eager was a funeral director. Two-Ton Tony Galento, the ex-heavyweight fight Big Seven (now Big Eight) comes, faces a career crisis. After a couple of movie roles, he'd like to become a fulltime thespian. Or he can pick up \$10,000 for wrestling appearances early next year in Australia, Singapore, Thailand, Burma, India and the Philippines. Oh, well, either way, he's an actor. Next No-reference games without defeat.

## Perfection Needed To Beat Boston's Fabulous Russell

By JIMMY BRESLIN  
NEA Staff Correspondent

NEW YORK — (NEA) — Tommy Heinsohn drove in from the side for what should have been an easy shot, then had to twist himself into an awkward halt as Bill Russell's preposterous leap suddenly blocked the way.

Heinsohn tried to move, but was called for traveling and his team lost the ball.

They are both Boston Celtics today, but this was in a 1956 NCAA Tournament game at Madison Square Garden and Russell's jumping led San Francisco to an easy victory over Holy Cross.

Experts Get Formula

It was after this play, and others like it, that the basketball experts, who usually hang around the back of the Garden, came up with the formula to stop Russell.

"Heinsohn," a pro scout was saying, "should have stayed outside. Russell would have to come out. Heinsohn then could have driven past him. Wait'll you see how the pros handle Russell. He won't be much."

Tom Gola, the Philadelphia Warrior, was of the same mind. "Wilt Chamberlain," he said, "would kill Russell."

Russell now is in his second season with Boston, but he might as well be playing for San Francisco for all he's changed. He still plays what some call a one-man zone, stationing himself in the middle and blocking shots and turning back drive-ins as often as they crop up. He demoralizes seasoned professionals the same way he did college kids.

Give Up Hope

Russell is as awesome a player as basketball ever has seen and everybody now has given up hope of any strategy working against him steadily.

"We were the first ones to beat them this year," Vince Boryla, the New York Knickerbocker's coach, points out, "but it's a terrific strain on your club. We try to get him outside, just like everybody said he should be played. But that's easier to say than do."

"We play Boston without a center. We put in two backcourt and three corner men. I use Willie Naulls, Guy Sparrow and Kenny Sears. They stay outside and shoot from there."

So Red Auerbach has Russell guarding the one who isn't hitting. In other words, if Naulls, for example, is off, Russell lets him shoot. Bill stays inside. We're right back where we started.

Demoralizes Team

"When he's around the basket, he demoralizes your team. A fellow gets by his man and goes in for an easy shot and — whom! — up goes Russell and he blocks it. It happened to Sparrow eight or nine times in one game."

"To beat the guy, you have to have three fellows hitting from

## Hawks, Celts Pulling Away In Pro Races

By The Associated Press

Don't look now but there's also a runaway race developing in the Western Division of the National Basketball Assn.

The St. Louis Hawks are starting to pull away from the pack just as the Boston Celtics have done in the Eastern Division. The Hawks now are 5½ games ahead of the Cincinnati Royals while Boston's lead over the Syracuse Nationals has been reduced to 7½ games.

The Hawks completed a successful weekend with a 138-118 victory over the Minneapolis Lakers last night to extend their winning streak to five. St. Louis, which has won 13 of its last 17, whipped the New York Knicks 136-124 in a nationally televised game Saturday afternoon.

In other games Sunday night Syracuse routed Cincinnati 109-83 with a third-period scoring spurt and New York rallied in the final minutes to overhaul the Detroit Pistons 116-109.

In other games Saturday night Syracuse defeated Cincinnati 104-100 and Boston overwhelmed the Philadelphia Warriors 112-94.

## Two Sons Born To Hank Aaron's

MILWAUKEE (AP) — "I'm still woozy," said Hank Aaron of the world champion Milwaukee Braves after his wife, Barbara, presented him with twin sons yesterday.

"What a year I've had," said the slugging outfielder, the National League's Most Valuable Player and home run king.

Born prematurely, the boys are Gary, 3 pounds 7 ounces, and Larry, 3 pounds 6 ounces. They were reported thriving after being placed in incubators.

The boys were born at St. Anthony's Hospital where Mrs. Aaron was "doing very nicely."

The Aarons have two other children, a boy and a girl.

### Florida A-M Tops Rattlers For Grid Title

MIAMI, Fla., (AP)—Maryland State lost to powerful Florida A&M for the second time in three years last Saturday, but the Hawks put up a bitter battle before losing to the favored Rattlers 27-21.

Coach Skip McCain of Maryland State crossed up the opposition with an aerial attack that accounted for 9 of 18 completions and 136 yards.

The Hawks previously had been known as a running team while winning six and tying one to capture the Central Intercollegiate Athletic Assn. championship.

On the ground, however, the Tallahassee team ground out 476 yards to just 157 for Maryland State with two long runs accounting for two of the winners touchdowns. Lewis Johnson ran for 90 yards on one occasion and David Latimer raced 69 for another score.

Not to be outdone, halfback Johnny Sample of Maryland State scooted 76 yards for a touchdown for the first score this season from scrimmage against the Rattlers.

Sample also threw a touchdown pass to end Vernon Vaughn for 25 yards and wound up being voted the most valuable player in the game. Vaughn also caught a 17-yard scoring pass from quarterback Andy Dement.

The victory gave Florida A&M the mythical national Negro college championship. The Rattlers finished with a 9-0 mark for the year. The last time the two teams met in 1954, Maryland State lost 67-19.

### CREDITS SCORE SOUTH END SWEEP

Credits swept Assets, 3-0, while Losses were winning over Expenses, 2-1, and Profits nipped Debts, 2-1 in the South Cumberland Businessmen's Association's Mixed Bowling League.

Team scoring leaders were Barbara Stoller 116, and Rusty Robertson, 188-441, Assets; Dot Robertson, 144-307, Bud Padfield 144 and Doc Wright 398, Credits; Shirley McDonald, 118-304, and Jack Dively, 147-396, Losses; Grace Garlitz 116, Lew Minke 115 and Charles Garlitz 346, Expenses; Mary Arnone, 144-350, and Bill Clem, 146-373, Debts; Mary Hartley, 165-448, and Louis Arnone, 148-366, Profits.

### WVU Will Oppose Kentucky In Opening Of Invitational

By ED CORRIGAN  
The Associated Press

The tempo of the Christmas tournament hoopla increases this week with two big ones scheduled. In one of them, North Carolina puts its 36-game winning streak on the line.

The Kentucky Invitational at Lexington sends North Carolina into action along with Minnesota, West Virginia (both unbeaten) and host Kentucky.

At Louisville, the Blue Grass Festival will show San Francisco, Seattle, Army and Louisville. Both start Friday. The Quantic Tournament gets under way tomorrow while the Carrousel Tournament begins Thursday at Charlotte.

### Deluge Next Week

Next week, of course, comes the deluge of Christmas tournaments. But none probably will offer the intriguing possibilities of the Kentucky Invitational.

North Carolina takes on Minnesota in the first round, while West Virginia, which has whipped 25 straight Southern Conference foes, plays Kentucky, which has been beaten only by Maryland.

Minnesota will be no cinch for North Carolina. Assuming the Tar Heels get past the Gophers, they'll have to play the winner of the West Virginia-Kentucky game.

Who'll win that one? Strictly a tossup. At this early stage of the season, it is beginning to appear as though some reassessment of forecasts is in order—at least in several districts.

For example:  
1. Bradley, the favorite for the Missouri Valley championship, got its first big test of the season last Saturday and dropped an 82-76 decision to Seattle.

2. Indiana and Ohio State, top contenders along with Michigan State to take the Big Ten crown, have yet to win a game, although the conference season has not yet begun. Missouri bounced Indiana with its third straight loss, 78-73, and Ohio State dropped No. 3, a 72-69 loss to Texas A&M.

Rice Keeps Winning

3. Rice, with three victories, is

ed over the weekend, Cincinnati, which might wind up giving Bradley a fight for the Missouri Valley title, won its own invitation by trimming Xavier of Ohio 79-68.

Duquesne captured the Steel Bowl with an 81-64 triumph over Pitt (the Panthers' first loss), and Mississippi State, now 6-0, turned back Auburn 52-37 in the final of the Birmingham Classic.

### Gibson And Seixas Picked Net Leaders

NEW YORK—(INS)—Vic Seixas and Althea Gibson are the king and queen of American amateur tennis—for the time being—at least.

The 34-year-old Philadelphia veteran and the 30-year-old girl from New York City were top ranked by the United States Lawn Tennis Association in its tentative listings for 1957.

Seixas, who will lead the U. S. Davis Cup team against Australia in ten days, also was rated No. 1 in 1951 and 1954.

It was an historic designation for Miss Gibson, who became the first Negro to receive top ranking from the USLTA.

Miss Gibson succeeded Shirley Fry, who married and retired. Seixas supplanted Ham Richardson.

The new ratings are subject to official acceptance by the USLTA at its annual meeting in St. Petersburg, Fla., Jan. 18, 1958.

Following Seixas in the men's rankings were: 2. Herm Flann of Beverly Hills, Calif.; 3. Dick Savitt of South Orange, N. J.; 4. Gil Shea of Los Angeles; 5. Barry MacKay of Dayton, O.; 6. Ron Holmberg of Brooklyn; 7. Bernard (Tut) Bartzen of Dallas; 8. Whitney Reed of Alameda, Calif.; 9. Peru's Alejandro Olmela, University of Southern California; 10. Grant Golden of Wilmette, Ill.

Following Miss Gibson were: 2. Louis Brough of Beverly Hills; 3. Mrs. Dorothy Head Knodel of Forest Hills, N. Y.; 4. Darlene Hard of Montecito, Calif.; 5. Karol Pageros of Miami; 6. Miriam Arnold of Redwood City, Calif.; 7. Jeanne Arth of St. Paul; 8. Sally Moore of Bakersfield, Calif.; 9. Janet Hopps of Seattle; 10. Mary Ann Mitchell of San Leandro, Calif.

Baltimore opened the game with a bang and closed their scoring in Brown of West Virginia and Frank O. Moseley of Tech reached agreement on the game over the weekend. They had discussed it while attending the Southern Conference's annual meeting Friday at White Sulphur Springs, W. Va.

The game will mark the first appearance of a West Virginia eleven in the festival event.

### Rams Batter Colts To End Title Hopes

LOS ANGELES (AP)—The 1957 gridiron wars were over today for the Baltimore Colts and the Los Angeles Rams, the Colts' bid for a championship ended and the Rams owner of a 6-6 record and a new season attendance record for football.

The Rams ruined Baltimore's title hopes, 37-21, in the final regular season battle of the National Football League yesterday before 52,560 rain-drenched fans which brought their attendance mark for the season, at home and on the road, in seven exhibition and 12 league games, to 1,051,106.

### Gallant Try Fails

The Colts made a gallant try to stay in the Western Conference.

son took a kickoff on the one, ran to the 10, laterated to Moore on the eight and Moore streaked down the sidestripes for the touchdown.

Four TD Tosses

Units was dangerous all afternoon. But the Rams' Van Brocklin completed 19 out of 33 for 328 yards, four touchdowns and only one interception. Units had 14 out of 29 for 223, one touchdown and three were intercepted.

Coach Weeb Ewbank, obviously unhappy, admitted his pass protection was off and he wasn't delighted with some phases of the officiating.

For your lighter moments

# Old Export! it's lighter

The Saturday Night Dance. Your 'best girl' ... your best friends ... the best night of the week. A lighter moment if there ever was one. And lighter Old Export just fits in naturally to add to the fun. Lighter Old Export tastes better ... feels smoother. Try some. You'll see.

Indecision Gives A Vital Signal

By OSWALD JACOBY  
Written for NEA Service  
West selected the ace of clubs as his opening lead. He realized strong measures would be necessary if he were going to beat the contract.

East signaled with the nine and West continued. East took his king, and gave West a ruff. West put dummy in with a diamond and the jack of spades was led. East went into a long huddle which clearly gave away the fact that he held the queen. Then East put up the queen, whereupon South made the rest of the tricks with no further ado.

East should have been ready for that jack of spades lead. The bidding had indicated that declarer held a four-card spade suit only. When West ruffed the third club lead East should have known that declarer needed all the trump tricks for his contract and

that declarer would have to do some worrying about the queen. In that spot no play could be more normal than the sudden lead of dummy's jack. East should have been ready for it and been able to play a low trump without any worry. Declarer might still have guessed the queen of trumps if East had not played it. Then he might not! We'll never know.

WILEY FORD FIREMEN ELECT NEW OFFICERS

YOUR HOROSCOPE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Tuesday, December 17, 1957

MARCH 21 to APRIL 20 (Aries)—A very promising day with many plans in bright aspect. Don't shirk any obligation or essential task no matter how difficult. You have the know-how and the talent needed to accomplish a great deal. Do so.

APRIL 21 to MAY 21 (Taurus)—Mechanical ingenuity, work in lumber, iron, aluminum, metals generally under good aspects. It's up to you to make good. But don't overtax yourself. May 22 to JUNE 21 (Gemini)—A day to stimulate your special talents. Make the best possible use of them, but work at a smooth tempo. Don't scatter your energies.

JUNE 22 to JULY 23 (Cancer)—Give your best now. Patience and forethought may be needed. Avoid petty annoyances so that you can gain the most from advantages and opportunities currently offered.

JULY 24 to AUGUST 23 (Leo)—Don't be careless, and don't let others prey on your sympathies. Good influences for domestic and occupational matters. Put forth best efforts.

AUGUST 24 to SEPTEMBER 23 (Virgo)—A fine day for mental work, clever ideas, new inventions, scientific discoveries and medicine. Everyone can make some gains, however. Be ambitious, enthusiastic.

SEPTEMBER 24 to OCTOBER 23 (Libra)—A strong, helpful period—a day for producing action, progressive ideas. You can achieve top gains now. Cultivate your mind through study, research, conversing with the intelligent.

OCTOBER 24 to NOVEMBER 23 (Scorpio)—Your Mars, also Saturn and Jupiter, among the auspicious, respected planets. You can make this a highly productive day if you give it your best, working faithfully and smoothly.

NOVEMBER 24 to DECEMBER 23 (Sagittarius)—This day is suited to many activities and will respond to intelligent plans and action. Sound financial deals, investments, business in general can advance. Keep your spending within sensible bounds.

DECEMBER 24 to JANUARY 23 (Capricorn)—One of your most encouraging days this month. All your special interests now coming under stimulating influences so get in the swing of things. Your astuteness and cleverness are greatly needed.

JANUARY 24 to FEBRUARY 19 (Aquarius)—An invigorating period. Try to find new agencies through which to increase your knowledge, new fields in which to capitalize on your talents. You have aptitude; use it wisely, consistently.

FEBRUARY 20 to MARCH 20 (Pisces)—Don't dwarf your fine capabilities and talents by heeding the advice of those who are nonproductive themselves. You have good intuition, intelligence and know-how; apply them as you know best.

YOU KNOW—TODAY is an spirited, energetic day with many outstanding qualities such as generosity, love of mankind and a willingness to strive hard for what you want. Make the best of these fine assets. Study and improve all you can but remember, too, that a healthy life must include wholesome pleasures, recreations, intelligent cheerful companionships. Relax! Birth date: John Greenleaf Whittier, American poet; Ludwig van Beethoven, German composer. (King Features Syndicate, Inc.)

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## City's Two Yule Trees Illuminated

Rector Deplores Lack Of Crib At Emmanuel Display

Community Christmas trees were lighted last night in similar ceremonies on the lawn of Emmanuel church ceremony, the Rev. H. Maunsell Richardson, rector, deplored the absence of the traditional Creche or crib which had been placed at the church gate in former years.

"We have thrust aside the great and beautiful symbol of your action at this season 20 centuries ago," he said, "and have excused ourselves for the sake of traffic and mankind's trefel nerves."

He asked forgiveness for the neglect and prayed that "in the flood of light upon both tree and Church, we might always be conscious that Thou hast given to us the Light of the World."

Arthur B. Gibson, city auditor, asked that the Christmas season "inspire us anew with the joy of sharing with others, and that during the holy season men may find the inspiration to build new bridges of brotherhood, and nations may find new paths a lasting peace on earth."

**Band, Choir Music**  
Music for the ceremony was presented by the Cumberland Municipal Concert Band and by the Fort Hill High School Choir.

The temporary Baltimore Street Bridge—reason for the dearth of Christmas decorations on the lawn of the church—provided faint background music as cars bumped over the slats placed on the deck of the span to prevent vehicles from skidding.

Mayor Roy W. Eves lighted the tree during the brief ceremony which attracted several hundred citizens standing on Washington and Greene streets.

Rev. Arthur W. Bastress, assistant pastor of St. Patrick's Catholic Church, gave the benediction on the theme "Rejoice and be glad for the Savior has come."

Rev. Mr. Richardson commented on the tree-lighting ceremony in yesterday's Emmanuel Episcopal Church bulletin, saying:

"There should be some very interesting rationalization taking place trying to bring together the action of the City Government in putting an end (for the present at least) to the Christmas scene of the Creche as the main theme of the decorations."

"We all recognize the problem of traffic at the (Baltimore Street) bridge, but does the problem in itself justify putting aside that which makes Christmas what it truly is, and leaving only the pagan trimmings? It is a very interesting commentary on the basic attitude."

"Then, on the other hand, there is the beautiful lighting of the (Emmanuel Episcopal) Church which is carried out, and this in itself can be a summary of the Christmas message. So it is a complex situation but one that at least should make us think of the reasons we all use to push Christ aside."

**Features Scripture**  
The ceremony in South End featured reading of Scriptures of the Nativity. Rev. Kenneth W. Grove, pastor of Emmanuel Methodist Church, arranged the program in which South End churches participated. The Fort Hill High Band, directed by Robert O. Nutter, provided music. Group singing of carols was also a feature.

Invocation was by Rev. Robert Hopkins, pastor of St. Mary's Catholic Church, and the benediction by Rev. Jacob Snyder, pastor of Kingsley Methodist Church.

Reading Scriptures were Rev. T. C. Subock, pastor of Trinity Methodist Church; Rev. E. E. Miller, pastor of Evangelical United Brethren Church; and Rev. Russell Fink, pastor of St. John's Lutheran Church. Rev. Wayne Eberly, pastor of Livingstone Church of the Brethren, gave the prayer.

Greetings were extended by the South Cumberland Business Men's Association.

## County Library Committee Formed, Officers Elected

A permanent organization, known as the Allegany County Library Committee, has been formed to give support for establishment of a county library system.

Dr. Adam D. Baer, Frostburg, was elected chairman; Dr. Lillian Compton, Cumberland, was elected co-chairman; Mrs. Virgil Atkinson, secretary, and F. Allan Weatherholt, Cumberland, publicity chairman.

Representatives attended from Flintstone, Barton, Lonaconing, Frostburg and Cumberland. The committee decided to work for a county library under the Library Service Act of Maryland. Miss Helen M. Clark, director of Library Extension, State Department of Education, told the group that Allegany County would receive during the coming year, for a county expenditure of \$31,000, a total of \$20,000 in federal funds plus a total of \$14,329 in state funds, all for library operation.

### Oil Used By Chefs To 'Crust' Steaks

If you wonder how chefs get that brown crusty look on their steaks, it's with oil. According to the American Hotel Association, steak experts either dip the steak in season oil or brush it with oil before popping into the broiler.

## Navy College Aptitude Test Given To 33

High School Seniors, Graduates Seek Entry Into Officer Training

Thirty-three high school seniors and graduates took the Naval Reserve Officers Training Corps Navy college aptitude test Saturday at Allegany High School.

John R. Snyder, guidance director at Allegany High School, gave the test to boys from Allegany, Beall, Bruce, Fort Hill Keyser and Meyersdale high schools, two students at Potomac State College and one other graduate of Allegany High School.

Each state and territory of the United States will be assigned a proportionate share of the 2,000 NROTC vacancies which are to be filled in the fall of 1958.

Boys who attain a qualifying score on the Navy college aptitude will be requested to report to a Navy recruiting station to be given a physical examination, interviewed by at least two Naval officers.

From the candidates found qualified, state and territorial selection committees will make the final selection of candidates. The selected candidates will be nominated for admission to NROTC colleges.

The following took the aptitude test: Gregory Caswell, Donald Cox, Thomas Keech, William Sitter, David Stouffer, Walter Waughman and Frederick Westerfield, all Allegany; John Croft, Edward Eagan, Jesse Jacobs, Kenneth Murphy, and David Wilson, all

## College Schedules Latin Workshop

Western Maryland College at Westminster will sponsor a Latin workshop for three weeks next summer beginning July 7.

The workshop will be under the direction of Professor William R. Ridington of the Department of Classics at Western Maryland.

Establishment of the workshop follows investigation of the need for such a facility in the area of the Middle Atlantic states by a committee of the Classical Association of the Atlantic States.

The association is cooperating fully with Professor Ridington and the college.

The workshop will be a composite course covering Latin language, art and mythology, classroom methods and management and audio-visual aids.

Three hours graduate credit will be given. The program is being offered as a service to secondary school teachers.
